## FOUR ARE INJURED IN MILL BAY ROAD SMASH

### Misses Colville and Mason and Peter Morris in Hospital Suffering From Injuries—James Dakers Escapes With Bruises

#### The Injured:

Peter Morris, real estate salesman, fractured skull and bruises.  
James Dakers, Douglas Land & Investment Company, bruised and shaken.  
Miss Irene Mason, stenographer, Douglas Land & Investment Company, badly cut on leg and face, bruised.  
Miss Colville, clerk at Gordons Ltd., suffering from severe shock and bruises and deep cut on neck; unconscious and in a dangerous condition.

A thermos bottle of hot tea. Sand flies and a rising sun beating down on the place served to make matters uncomfortable for the injured, and the men became anxious as to the life of Miss Colville, who seemed badly hurt. Successor reached them about 6.30, when John Rithet, of R. P. Rithet & Co., and E. E. Blackwood, agent of the Northern Pacific Railway Co., bound in Mr. Rithet's car for Cowichan river, arrived and rendered assistance.

Taken to Goldstream.  
The two girls were placed in Mr. Rithet's car and the whole party were driven to the Goldstream hotel. Owing to Miss Colville appearing to be seriously injured, and moaning, Mr. Rithet advised that the girls be taken to Goldstream, where rest could be obtained, restoratives applied and a doctor from the city sent out, together with a larger car to carry the party back to town. A telephone message to the Vancouver Island Auto Company arranged for a car to be sent out, and Mr. Rithet and Mr. Blackwood then

Peter Morris and Misses Mason and Colville are lying in St. Joseph's hospital to-day suffering from injuries received as the result of an accident in which an automobile owned by Fredrick Irving, of the Douglas Land & Investment Company, Douglas street, and driven by James Dakers, a partner in the firm, turned over the bank of the Mill Bay road, twenty-one miles from Victoria, yesterday morning at 5.45 o'clock. Mr. Dakers, who was driving the machine, was the only one of the

THE WRECKED CAR LYING AMONG ROCKS.

four who was not seriously hurt. To-day he is able to leave his bed and come down town. Mr. Irving was not in the car.

The two men and the two young ladies left Victoria yesterday morning at 4.50, bound for a fishing trip to Cowichan river. They had gone twenty-one miles in an hour and fifteen minutes, when through some unknown cause the machine, while travelling slowly down grade, did not answer the steering gear, and striking a log on the edge, bounded over on to a table rock twenty feet below, smashing the front of the machine and dropping over the edge of the rock a distance of six feet.

Mr. Morris was thrown forward out of the car several feet and his companion

returned to their own car and continued their journey to Cowichan. The excitement and strain told on Mr. Dakers, who, after carrying Miss Colville from the car to the hotel parlor, and placing her in capable hands, succumbed and fainted on the floor of the hotel parlor. Restoratives were applied to him and by the time the machine from the city arrived at the hotel he was able to travel.

The machine from the city, however, was two hours in getting to the Goldstream hotel, owing to a puncture on the way out. From Goldstream the party were brought to St. Joseph's hospital, where the two girls were admitted and placed under the care of Dr. Grant. Dakers and Morris, says Dakers, were unable to gain immediate

SHOWING STRETCH OF MILL BAY ROAD, WHERE ACCIDENT OCCURRED

admission there as the wards were full, and walked first to the office of Dr. Fraser and Dr. Hall, who were not in, and then to Dr. McMicking's office, where the physician attended to their injuries. His examination of Morris resulted in the doctor sending him back to St. Joseph's immediately, where he was put under an anaesthetic and treated for fractured skull. His companion went home to his mother's house on Graham street and retired to bed, where he remained until this morning.

Without Water.  
For two hours without water, except the hot water in the machine, the two men did what they could for the girls. Miss Colville became unconscious, and the only aid the injured party had was

admission there as the wards were full, and walked first to the office of Dr. Fraser and Dr. Hall, who were not in, and then to Dr. McMicking's office, where the physician attended to their injuries. His examination of Morris resulted in the doctor sending him back to St. Joseph's immediately, where he was put under an anaesthetic and treated for fractured skull. His companion went home to his mother's house on Graham street and retired to bed, where he remained until this morning.

The cause of the accident is unknown. The report made to the police is that a leaf of a front spring broke and injured the steering gear, so that the driver had no control over the ma-

chine. Mr. Dakers says he does not know how the accident happened. Prior to the fall he thought the tyres were soft, as the machine would answer on the down grade and kept going to one side. For that reason he had been driving slowly so as to avoid accident, and on the incline where the accident occurred the machine seemed to gather way. He at once applied the emergency brake to stop it but the machine swung outward and then the accident happened.

From a talk with Mr. Morris, Frederick Irving, the owner of the car, said he believed the wheel must have struck a tree lying on the edge of the road. The blow broke the spring which interfered with the steering gear and the car then went over the edge.

Mr. Dakers this morning wished to make public acknowledgment of the assistance rendered the party by Mr. Rithet and Mr. Blackwood, who took them all to Goldstream.

Mr. Morris passed a fairly good night at the hospital, and was conscious and able to take nourishment this morning. Miss Mason is recovering as rapidly as possible and is not much the worse for her adventure, but the hospital report of Miss Colville's condition is not so favorable. She is unconscious and in a low state, and while hopes are held out for her recovery the outcome for her is not so certain as for the other two patients.

The place where the accident occurred is below the E. N. railway line, twenty-one miles from Victoria, on a straight down grade without turns. The road there, however, is narrow and the outer edges are soft, being insecurely banked and consequently dangerous, in the event of a machine getting too near the edge. It is almost in the same spot where the accident happened a month ago to an automobile owned by the Royal Bank of Canada, Vancouver branch, which went over late on Saturday night and had to be hauled out on Sunday and towed to the city. The widening and proper banking of the road at this and other places is a precaution it would be well for the authorities to take for the prevention of accidents in the future.

## INHABITANTS OF KATMAI ARE SAFE

### REVENUE CUTTER HAS RETURNED TO SEWARD

#### Only Two Persons Known to Have Been Killed by Vol- canic Eruption.

Seward, Alaska, June 17.—The revenue cutter McCulloch arrived here today direct from Kodiak with the cheering news that conditions in the district covered by ashes from Katmai volcano are much improved, and that there is no confirmation of reports of heavy loss of life on the mainland. All the inhabitants of Katmai, a mainland village near the volcano, are safe, having been taken to Afognak. This explains the failure of the tug Redondo to find any sign of life when she made her cruise off Katmai Bay Thursday. The only fatalities known to have resulted from the eruption were a woman and baby, who were dangerously ill.

The livestock of Kodiak island are being taken care of by the government men, although some cattle had to be killed because of the food shortage. Vegetation is said to be growing under the ashes which have settled to a depth of eighteen inches, and recent rains have cleared the water so there is no shortage on the island now.

The tug Redondo made a trip around Afognak island and along the mainland. She reported that conditions were serious, but could not find any evidence of fatalities.

Cruise of the Redondo.  
Karluk, Kodiak Island, Alaska, June 17 (via wireless to Cordova).—The relief tug Redondo arrived here Saturday from a cruise along Katmai and reported that she was unable to make a landing in the section because of the extremely heavy deposits of sand and ash. No sign of life was seen and the relief tug was unable to recognize the locations of the fishing villages which were scattered along the coast line before the eruption.

The Redondo carried such a small crew that no attempt was made to hunt for the dead, but a careful watch was kept for any who might be living.

When those on the tug were satisfied that there was no life on shore they put about and ran at full speed across Shelkof strait to Karluk, where wireless messages were sent to the revenue cutters and other relief ships in the vicinity.

The men in the tug say the entire coastline of the Alaska peninsula in the vicinity of the volcano is buried so deeply that the mountains appear to slope at an even grade to the water's edge, the white ash giving it the appearance of being covered by a huge mantle of snow.

All landmarks by which mariners have been guided entering the various bays along the coast have disappeared, and to the men on the Redondo it seemed as if they were exploring a new shore.

## FREE LIST HAS BEEN INCREASED

### CHANGES ANNOUNCED BY THE GOVERNMENT

#### Order-in-Council Regarding Ar- ticles Used in Canadian Manufactures

Ottawa, June 17.—An order-in-council has been passed transferring to the free list the following articles, when such are used as new material in Canadian manufactures:

A—Cane, reed or rattan, no further manufactured than split when for use in Canadian manufactures.  
B—Flat braids or plaits of glazed cotton thread, not over 14 inch wide, when imported by manufacturers of hats for use in the manufacture of hat bodies.

C—Celluloid, xylonite or xyolite in sheets, lumps, blocks, cylinders, rods or bars, not further manufactured than moulded or pressed, when for use in Canadian manufactures.  
D—Hard rubber in strips of rods, but not further manufactured, when for use in Canadian manufactures.

D—Hard rubber in strips of rods, but not further manufactured, when for use in Canadian manufactures.  
E—Artificial abrasive in bulk, crushed or ground, when imported for use in the manufacture of abrasive wheels and polishing composition.

F—Peroxide of barium, non-alcoholic, for use in the manufacture of peroxide of hydrogen, when imported by manufacturers of peroxide of hydrogen.  
G—Bimetallic, bimetallic, and perborate of ammonia, when imported by manufacturers of explosive for use exclusively in the manufacture of such articles in their own factories.

H—Glass plates or discs, rough cut or unwrought, for use in the manufacture of optical instruments, when imported by manufacturers of such optical instruments.  
I—Woolen threads and filaments or artificial or imitation silk produced from a form celluloid obtained from chemical processes from cotton or wood, when imported by manufacturers of knitted, woven or knitted fabrics for use only in their own factories in the manufacture of knitted, woven, braided fabrics.

(2)—The following articles used as materials in Canadian manufactures shall be subject to the following reduced duties of customs until otherwise ordered:  
A—Celluloid for use in films for photograph engraving and for engraving copper rollers, when imported by photograph engravers and manufacturers of copper rollers, under the British preferential tariff 15 per cent. ad valorem, under the intermediate tariff 17 1/2 per cent. ad valorem, under the general tariff 17 1/2 per cent. ad valorem.

B—Special parts of metal in the rough, when imported by manufacturers of cameras or kodaks, for use only in the manufacture of cameras or kodaks, under the British preferential tariff 5 per cent. ad valorem, under the intermediate tariff 7 1/2 per cent. ad valorem, under the general tariff 7 1/2 per cent. ad valorem.

C—Peppermint oil, when for use in Canadian manufacture under the British preferential tariff 5 per cent. ad valorem, under the intermediate tariff 7 1/2 per cent. ad valorem, under the general tariff 10 per cent. ad valorem.

D—Undyed ribbon, when imported by manufacturers of typewriter ribbons for use only in the manufacture of such ribbons in their own factories, under the British preferential tariff 10 per cent. ad valorem, under the intermediate tariff 12 1/2 per cent. ad valorem, under the general tariff 10 per cent. ad valorem.

E—Fabrics of which silk is the component material of chief value, when imported by manufacturers of neckties for use only in the manufacture of such articles in their own factories, under the British preferential tariff 17 1/2 per cent. ad valorem, under the general tariff 20 per cent. ad valorem.

F—Paper matting, when for use in Canadian manufactures, under British preferential tariff 17 1/2 per cent. ad valorem, under the intermediate tariff 12 1/2 per cent. ad valorem, under the general tariff 22 1/2 per cent. ad valorem, under the general tariff 25 per cent. ad valorem.

(3) The following articles used as materials in Canadian manufactures are hereby transferred to the list of goods which may be imported into Canada free of duty of customs under the British preferential tariff and subject to the reduced duty of customs as hereinafter set out, under the intermediate and general tariffs until otherwise ordered:  
A—Cotton, stripe number 14 gauge and thinner, galvanized or coated, with other metal or not, when imported by manufacturers of mats for use only in the manufacture of such mats in their own factories, under the British preferential tariff free, under the intermediate tariff 5 per cent. ad valorem, under the general tariff 5 per cent. ad valorem.

B—Columbus, O., June 17.—A rain and wind storm tornado yesterday swept the central part of Ohio, making hundreds homeless and doing damage estimated at a million dollars. At Delaware the roof of St. Mary's Catholic school was lifted and borne across the street, wrecking two cottages. In this city a number of houses were unroofed.

Property Loss Heavy.

Columbus, O., June 17.—A rain and wind storm tornado yesterday swept the central part of Ohio, making hundreds homeless and doing damage estimated at a million dollars. At Delaware the roof of St. Mary's Catholic school was lifted and borne across the street, wrecking two cottages. In this city a number of houses were unroofed.

#### AGED YACHTSMAN DEAD.

Toronto, June 17.—James Lundy, for many years one of the best known figures connected with sailing on Lake Ontario, died in Toronto, aged 83. He held the yachting championship of Lake Ontario for seven years.

#### FIRE CHIEF INJURED.

##### Head of Winnipeg Department Thrown From Car While Rushing to Fire.

Winnipeg, June 17.—Chief Buchanan of the Winnipeg fire department, had his shoulder dislocated and received severe bruises when his automobile collided with one of the motor trucks of the fire brigade while rushing to a fire Saturday night. The chief's truck while going at high speed and the driver of the truck turned in the same direction at the same time.

Chief Buchanan and Victor Demars, the chauffeur, were thrown to the pavement and their automobile turned two somersaults and landed against a fence across the street. The car is damaged probably beyond repair. The three firemen on the truck received a bad shaking up. The driver kept his seat and shut off the power, but the truck crashed into a plate-glass window in the front of a real estate office, smashing it to pieces.

#### DOCK STRIKE NEARLY OVER.

London, June 17.—The dock strike is now confined to London and Southampton. The strike has been weak since London and the port authorities have decided to invite strikers to resume work.

#### TARIFF REFORM.

##### Conservatives Will Oppose Unionist Candidates Who Fail to Endorse Policy.

London, June 17.—Certain newspapers announce that the tendency recently shown by several Unionist candidates to place tariff reform in the background, or even to repudiate imperial preference altogether, is being carefully noted and it is fully expected by Conservatives that if this policy is persisted in they will run candidates of their own who will live up to the full policy.

## TORNADO CLAIMS MANY VICTIMS

### OVER SCORE REPORTED TO HAVE PERISHED

#### Steeple Crashes Through Roof of Church—Priest Among the Dead

Kansas City, Mo., June 17.—Twenty-six persons are known to have been killed and many injured by a storm that passed over Central West Missouri late Saturday, demolishing buildings, tearing down wires and leaving the smaller towns and country homes completely wrecked.

Reports indicate that the storm, after doing many thousands of dollars worth of damage here, passed to the south-east, wrecking all buildings in its path. In Bates county, Missouri, the north-west section was swept for five miles and nearly every building in a tract half a mile wide, was demolished. Here thirteen deaths have been reported.

From Sedalia, Mo., two deaths are reported, while rumors, unverified yet, make the total much larger.

The storm struck Bates county half a mile from Merwin. There the home of Henry Cameron was destroyed and his three children killed. The wind plucked up his baby and it was found uninjured a mile from home yesterday. The bodies of Gibson Grange and Fred Groves were found a mile from their home. They were in the building when the storm struck.

Killed in Church.  
Zanesville, O., June 17.—Three were killed and a score injured yesterday, when a tornado struck here, toppling the steeple of the St. Thomas Catholic church through the roof while services were being held. Rev. F. B. Roach was struck and killed while administering the last sacrament. A Delaware man named Skilton, after he had instructed the panic-stricken worshippers to leave by the rear door, their lives being imperilled by falling walls. The storm started in the western part of the city. It lost its force apparently after travelling twenty-five miles east of here, toppling over numerous barns. More than 200 were badly damaged. Scores of families were made homeless. Scores of chimneys were reported, more than a dozen instances being known of chimneys crashing through the roofs of houses, and walls being blown down almost after the occupants had left.

#### FIREMAN DISMISSED.

Quebec, June 17.—One fireman has been dismissed from the force and three others deprived of their vacation for breaking into the wine cellar and consuming liquor during the recent conflagration at the Chateau Frontenac.

## QUEBEC EDITOR DEFIES ARCHBISHOP

### DECLINES TO ALTER POLICY OF PAPER

#### Clash Between Mgr. Bruchesi and G. Langlais, Member of Legislature

Montreal, June 17.—A mild sensation was caused in Catholic and newspaper circles throughout the Archdiocese of Montreal by the reading in all the churches of a mandement from Archbishop Bruchesi, forbidding the faithful to read La Lumiere, an anti-Catholic monthly of little prominence. At the same time his Grace issued a severe warning to Le Pays, a French weekly, which has achieved much popularity under the direction of Godfroi Langlois, M. P. P., for St. Louis division, formerly chief editor of Le Canada, who had to resign because of his views on religion and education. His Grace, in the mandement, stated that unless the tone of Le Pays was completely changed he would not hesitate to take the strongest measures against it.

Mr. Langlois has always taken a strong interest in education, and has not hesitated to criticize the present clerically administered system among Roman Catholics of this Province, declaring that it is responsible for the retrograde condition in most of the province. He has in Le Pays, as in the legislature, demanded more attention by the government to primary education, and also demanded compulsory public education, which is disapproved by the Roman Catholic hierarchy, hence the action taken by Archbishop Bruchesi.

"According to the census of 1901, there were over 250,000 people in the province of Quebec who were unable to read or write. There are to-day over 130,000 children in the province who have never gone to school. The average pay for our female teachers in the public schools is only \$132, as compared with \$182 for Ontario female teachers. Even at that, the pay of the Quebec teachers has been almost doubled in the past few years. In this province we have but 522 normal school teachers, while Ontario has 5,420. Because we have championed the cause of these 130,000 little children who have never gone to school, and thousands of others who are almost illiterate, Archbishop Bruchesi has seen fit to threaten us with an interdict. This is certainly not consistent with British fair play or with the religious tolerance which we should expect in the 20th century in a British colony."

Mr. Langlois has a large number of sympathizers, practically all the English-speaking people of the province favoring his views, as well as many French-Canadians. He is a man of strong personality, who has refused to accept the clerical dictation as the past to accept the present, and has aroused great interest, especially in view of the recent widespread movement throughout the province in favor of a better educational system.

Declining to alter the policy of his paper Le Pays, after it had been threatened with the "ban" by the Archbishop of Montreal, Godfroi Langlois, writes a lengthy reply to His Grace's pastoral letter. Mr. Langlois contents that "the creation of a Quebec minister of public investigation, free and obligatory education with uniformity of school books cannot encroach on any religious teaching or hurt any belief."

Continuing, the writer remarks: "In his letter Archbishop Bruchesi advises us to lend our talents and our pen to this cause. We cannot conceive of a finer or more patriotic cause than that of public education, and furthermore, we are convinced that it is only by the appointment of a responsible minister of education that we can regain the ground lost in the past fifty years."

"Assuredly Archbishop Bruchesi cannot make a crime of our stand against St. Jean Baptiste, this evil which permeates French-Canadians who lose their heads and are misled by false illusions and wrong impressions, who look backwards instead of forward, and whom Archbishop Langlois denounced in the most eloquent terms at Winnipeg recently when he declared 'French-Canadians were men of words, and not actions.'"

"That they were 'terrible talkers,' and that they 'merely receded instead of proceeded.'"

"Pastoral letters of Archbishop Bruchesi let it be understood that complaints with regard to our articles have reached him from all sides."

"We permit ourselves to reply that these complaints and recriminations have not come from our readers, but absolutely from parties who had formed their opinions of our organ and of our views from hurtful and injurious articles written in bad faith and which have been published during the last year in several newspapers."

"We repeat during the past two years our principal editorials have been written in favor of the public and against St. Jean Baptiste."

## TWO LOSE LIVES IN AUTO ACCIDENT

### WOMAN AND BABY BURIED UNDER CAR

#### Machine Goes Over Embankment and Strikes Clump of Trees

Vancouver, June 17.—Mrs. R. G. Harvey, wife of R. G. Harvey, a prominent real estate broker, of Vancouver, and her year-old son, Reginald, were instantly killed yesterday afternoon when the big touring car driven by Mr. Harvey skidded over the side of the Ladner road, at a point known as the Big Hill, about four miles this side of New Westminster and turned turtle, crushing the mother and smothering the baby to death.

The scene of the accident is well-known to automobilists of this part of the country, and is known as a very treacherous strip of road.

Mr. Harvey was at the wheel and was driving the machine at a fair rate of speed when one of the front wheels broke out of the rut, worn by the traffic, and edged over the embankment. Evidently trying to get the machine back on the road, Mr. Harvey did not apply the brakes. Not being able to get control of the heavy touring car because of the resistance of the sand and his inability to get the wheels back on the beaten path again, it plunged over the embankment and zig-zagged its way down the steep, sandy embankment, struck a clump of trees and turned over, carrying Mrs. Harvey and her baby boy to their death.

Mr. Harvey and the other son, Archibald, aged 9, were in the front seats of the car and Mrs. Harvey, the baby and the little daughter, Gladys, were the occupants of the rear seat. All of the occupants of the car save Mrs. Harvey, who was instantly killed under the machine, and the baby, who in falling fell directly under his mother and was smothered to death, were thrown clear of the car, and were uninjured except for a few slight bruises. Mr. Harvey was taken to the Vancouver general hospital, where he is reported to be improving rapidly. Except for shock and minor bruises, he is uninjured and will be out of the hospital in a day or so.

The accident occurred on the narrow strip of the Ladner road as it curves its way around the big hill. The road is about the shape of a horseshoe and as it cuts the hill, is bounded on one side by a high embankment and on the other by a sandy ravine about 60 or 75 feet deep. It was over this embankment that the car fell.

Dr. Brydon-Jack and George E. Torrey were preceding the unfortunate party in their own machines and quickly turned back when they saw the accident. They hurried to the scene and rendered all assistance possible. Because of the soft sand it was impossible to place jackscaws under the machine to get the mother and child out immediately. Shovels were brought to the scene and the bodies were dug out.

Mr. Torrey brought Mr. Harvey and the two uninjured children to the city, while the bodies of Mrs. Harvey and the baby were taken to New Westminster, where they were left in the care of W. E. Fater, an undertaker. To-day they were brought to Vancouver and arrangements are being made for the funeral from here. It is probable that the services will be held from the Harvey home, 1619 Barclay street.

Charles J. Loewen, Mr. Harvey's partner, was advised of the accident about 8.30 p.m. He notified William Skene, father of Mrs. Harvey, and the two went to the scene of the accident in Mr. Loewen's car. Mr. Loewen is making all funeral arrangements and looking after the bringing in of the machine which was left as it stopped about 50 feet over the embankment on the Ladner road.

In speaking of the accident, Mr. Loewen said: "It is a terrible shock and we are all stunned by it. Mrs. Harvey's parents are prostrated, although they are trying to take the situation calmly. Death always shocks, even though we are giving some warning, but in an accident of this kind where the family circle is invaded and without the slightest sign of warning two members of the household are stricken the effect is almost paralyzing."

#### KILLED ON RAILWAY.

##### Japanese Run Over By Electric Car— Wheels Pass Over Body.

Vancouver, June 17.—S. Kondo, a Japanese, who lived at 921 Cordova street, was run over yesterday by an interurban car of the Eburne line and later died in the ambulance on the way to the General Hospital.

Between Second and Third avenues the motorman of the car saw the Japanese walking towards the car on the track. He blew the whistle and the man, making no effort to move off the track, the emergency brakes were applied, but too late. Kondo was hit and knocked down and the forward wheels of the car passed over his body, terribly crushing him. An inquest will be held to-morrow.

## The Bathing Season Has Commenced

And with it there is always a great demand for

### BATHING CAPS AND WATER WINGS

We are fully prepared to meet your requirements in these lines. Our large assortment of Bathing Caps in their various colors and new designs merits your attention, also a plentiful supply of Water Wings. Very moderately priced.

### ROSE CARNIVAL CLOSED.

Portland, Ore., June 17.—To the accompaniment of noise produced by all manner of ear-splitting devices, with confetti showers, a pyrotechnical display and a repetition of Friday night's electrical pageant, Rex Oregonos took his departure at midnight Saturday and brought Portland's sixth annual Rose Festival to a close.

Long before dark the din began, and as the hours passed, it became more and more noisy. Everybody seemed to catch the fever, and for the first time during the week the police were unable to hold in check the vast crowd that surged through the streets. Even dur-

ing the passing of the electrical pageant the strict police rules were broken, and the crowd pressed through the ropes, threatening to block the passing parade.

Although in theory the celebration ended at midnight, notice that an all-night car service would be maintained kept thousands of people on the streets for hours.

### DESTRUCTIVE FIRE.

Chehalis, Wash., June 17.—Fire of unknown origin burned \$50,000 worth of business property at Napavine, a small town, seven miles south of Chehalis. M. F. Marshall, merchant, was the heaviest loser with \$20,000 stock and \$7,000 insurance.

## PRESIDENT GETS MORE DELEGATES

Republican National Committee Has Completed Hearing of Contests

Chicago, Ill., June 17.—Its closing hours attended by exhibitions of tense partisan and personal feeling among its members, the Republican national committee concluded Saturday night the hearing of the contests involving 254 seats in the national convention which is to assemble Tuesday. The sum of its work is: Roosevelt, 48; Taft, 235. President Taft received Saturday 62 delegates, Roosevelt 6. All of Washington's 14 went to the president against the protests of Senator Poin-dexter that the "country would judge the case." Out of Texas, Taft obtained 26 of the contested 30, over the protest of Col. Cecil Lyon, who asserted "You may depose me now but I will be back four years from now when many of you will not."

In Virginia where the issue was drawn between negro voters and the regular state organization, president received the entire contested delegation of 20. In the District of Columbia he won two committeemen, Sydney Rieber going to defeat with the Roosevelt delegation.

The "high spot" in the convention situation came when Colonel Roosevelt arrived, received a welcome almost historical from the crowds of delegates and admirers, and then went into conference with the executive.

After the committee had concluded its labors Director McKinley gave out a table claiming a total of 590 delegates for Mr. Taft—50 more than necessary for his nomination,—and conceded only 442 to Mr. Roosevelt. The Roosevelt people declined to give out any figures.

The preliminary demonstrations for Roosevelt were begun early in the afternoon. The first spark was kindled by Senator Borah, of Idaho, who addressed a crowd of Roosevelt delegates in the Congress hotel and in an eloquent speech asserted that the only salvation of the Republican party was Theodore Roosevelt. Senator Borah was introduced to the delegates by William Flynn, of Pittsburgh, and was given an enthusiastic reception. He was lifted to the chairman's table. Standing there the senator, who has been chosen as the leader of the Roosevelt forces for temporary chairman, made his position in this contest clear. "No matter what this national committee does," the senator said, "the Republican party is going to be saved. This is not going to be another Titanic wreck as some of the Taft leaders seem to think. They have an idea that they can get out in the boats

and we will sink. They are greatly mistaken. We are going to hit the national committee iceberg head-on and the Republican party is not going to be scuttled."

Mr. Roosevelt definitely declined Saturday night the suggestion that he stand as a candidate for the position of temporary chairman of the convention. The proposal has been discussed more or less the last few days.

A personal encounter between National Committeeman James Kennedy, of North Dakota, and Francis J. Henry, of San Francisco, in the Republican national committee was prevented Saturday night only by the interference of their associates and the activity of Sergeant-at-Arms William F. Stone.

The charges of Mr. Kennedy, Mr. Kennedy's assertion that Mr. Henry had made his money by "lying to the people," brought about the sensational episode. Mr. Henry had objected to any limitation of time on the hearing of the Washington contest cases and followed his statement with a declaration about "stealing delegates."

Hisses greeted him from various parts of the committee room and in the interchange of remarks that followed, Committeeman Kennedy declared, "Well, I didn't make my money by lying to the people."

"What did you say?" asked Henry. "By lying to the people," shouted Kennedy.

"You lie," shouted Henry. "You lie," retorted Kennedy.

The North Dakotan arose from his seat in the middle of the committee room and started rapidly toward Henry, who was standing by his chair in the front row.

Members of the committee jumped to their feet and crowded forward from all parts of the room, some rushing in between Henry and the oncoming Kennedy.

The latter as he approached Henry cried out: "I know where you made your money; I can prove when you made it, in the city of St. Paul."

"You lie," shouted back Henry. "By this time members of the committee had grasped both men and were pulling them in opposite directions. Sergeant-at-Arms Stone grasped Henry by the arm and turned him around, and others led Kennedy back to his seat."

The episode was the culmination of a day in which Henry had been several times in altercation with members of the committee, at an earlier running fire of comment, when committeemen had taken exceptions to his sharp remarks and had greeted him with laughter, when he referred to them as "coyotes."

## FRANK TO BE MOVED TO NEW TOWNSITE

Federal Government Grants \$30,000 in Addition to Alberta's Contribution

Edmonton, Alta., June 17.—Premier Sifton has received information from Ottawa that the federal government has agreed to give \$30,000 towards the removal of the town of Frank, Alta., from its present site, which is declared to be unsafe because of its proximity to Turtle Mountain. Landslides similar to that which devastated the town some years ago have been threatened for some time. The cabinet of the provincial government recently met a delegation from that town, who set forth the cost of the removal of the houses from the present site to another which has been marked out about a half mile distant. Both sites are the property of the company which carries on coal mining operations within the mountain.

The estimated cost of the removal of the houses to the new site is something over \$75,000. As a result of the meeting of the cabinet ministers and the delegation, the provincial government offered to give the sum of \$20,000 towards the cost of removal if the federal government gave \$30,000.

The question which has been under consideration for some time has thus been settled, and the removal of the houses of Frank residents to their new location, where lots have been obtained in exchange for those they now occupy will begin at once, or as soon as the details of the disposition of the funds has been settled.

The spectacle of a whole town tearing itself up by the roots and transporting itself to a new townsite will be unique.

### DENOUNCES PARLOR DANCE.

St. Thomas, Ont., June 17.—The temperance and moral reform committee of the London Methodist conference in their report suggested that the age of consent be raised from 16 to 18, with the same punishment. The report denounced segregated districts also, dance halls and the parlor dance as a menace to the morals of the community. Race track gambling was also deprecated as it had a tendency to loosen morals.

### NEW LAWS FOR YUKON.

Protection of Forests—"Discovery Day" a Legal Holiday.

Dawson, June 17.—The Yukon council has just enacted some new ordinances covering the increase of the penalty for starting forest fires and requiring all clearing lands with fire to get permits; providing for bye-elections for the Yukon council and making the last territorial registration list valid with additions for a year and enabling the governor to make a stated case on constitutional points to the appeal court of British Columbia, which, by a recent act of parliament, is to act on Yukon appeals in place of the Yukon appeal court, which was abolished.

Another new law validates the assessment ordinances of Dawson for the last several years making all income taxes of the past and future collectable with penalties for delinquents, and the right of collecting by action. Another

## FALL VICTIMS TO UPPER FRASER RAPIDS

Three Settlers Believed to Have Perished in Attempt to Run Grand Canyon

Fort George, June 17.—The members of the German settlement in Fort George are now convinced that three more of their countrymen have met death by drowning in the rapids of the Upper Fraser while on their way here from the Cache on a raft. If their fears are realized the season's toll of death so far from the ranks of the German immigrants from Alberta will be four.

Some weeks ago Ludwig Wedman was drowned while attempting to run the Grand Canyon on a raft. Now it is believed that three other men have met the same fate.

One of the supposed victims is Otto Kling, Jr., the son of Otto Kling, of Fort George, one of the most influential of the Russian-German settlers who have come here this season. A second, Emile Prochnau, is Mr. Kling's son-in-law. The identity of the third man is a matter of conjecture.

Three weeks ago young Mr. Kling left his home in Wetaskiwin, Alta., bound for Fort George, along with Mr. Prochnau, who had come from Spokane to join him. Their intention was to go to Edmonton, there gather a large number of their countrymen and come in to Fort George via Tete Jaune Cache. From the time of their departure from Wetaskiwin, their friends here heard nothing of their movements and for the past week Mr. Kling had been daily awaiting their arrival at Fort George. As the days went by, however, their friends in Fort George became uneasy, and they have received news that confirmed their fears.

A few days ago a party arrived down the Fraser on a raft, making the trip in ease and safety. They reported to Rev. A. Hager, pastor of the German church here, and to Mr. Otto Kling, that 60 miles this side of Tete Jaune Cache they passed a ramshackle raft carrying three men. One of the passengers was a mere boy, thought to be young Mr. Kling, another was a young man, thought to be Mr. Prochnau, while the third was an older man. The raft was poorly made and was a foot under water even at that time.

There is another grim feature to the story. On her last trip up from Queen's the steamer Chicomin passed two bodies floating side by side in the Fort George canyon. While there have doubtless been other tragedies of recent days on the Upper Fraser, nothing will convince the Germans here that these two bodies were not those of Messrs. Kling and Prochnau.

Some weeks ago, at the time Ludwig Wedman was drowned, Rev. A. Hager sent a warning to the Germans in Edmonton, hundreds of whom are waiting for an opportunity to get through to Tete Jaune Cache and on to Fort George by raft. This warning would have barely had time to reach Edmonton before the party of three left, and it is doubtful whether they received it. Rev. A. Hager is now sending out urgent appeals to his countrymen in Alberta to avoid the perils of the Tete Jaune Cache route.

## "My Dear, You Must Get One Just Like It, a Heintzman & Co. Piano"

One of the strongest points in favor of the famous pianos made by Ye Olde Firm of Heintzman & Co. is the fact that their owners invariably recommend them to their friends. It is immensely pleasing to the mistress of one of these instruments to have the visitor comment on the excellence of tone and beauty of design and finish of her piano. It is keen satisfaction to have a friend come in to advise about the selection of her new instrument because she feels that the owner of the Heintzman & Co. piano must have excellent taste in choosing the best make. And these splendid pianos never "go back" on the recommendations given them by their friends. They always live up to their reputation.

### FEEL PINCH OF STARVATION.

Peace River Crossing, Alta., June 17. Trip at Hudson's Hope, in the Peace River country, a number of pioneer squatters are eagerly awaiting the arrival of the steamerboat Peace River. Their food supply is running very low.

so low that they have felt the pinch of starvation. For some time now they have been living upon flour and what game has fallen in the way of their traps and rifles. All the meagre doling out of rations will be over just as soon as the steamer arrives, for she is carrying stores and provisions and supplies of all kinds.

## BIG DEPUTATION COMING TO-MORROW

FROM MAINLAND TO INTERVIEW PREMIER

Relative to Franchises of B. C. Electric Railway in Greater Vancouver

To-morrow afternoon Sir Richard McBride will have to face the music played by a very formidable band, comprising the city councils of Vancouver, Point Grey, South Vancouver and Burnaby. Their mission will be to find out from him just exactly what he accomplished in his interviews with Horne Payne and the other big men of the B. C. Electric Railway Company when he was in London relative to the consolidation of the company's franchises in greater Vancouver.

It will be recalled that on numerous occasions the government press announced that the settlement of this question was the principal object of the premier's visit, which, of course, was a certain indication that it was not, and before his return it was intimated that he had arrived at a satisfactory solution of the difficulty.

As a matter of fact, there is reason to suspect that the premier has sadly failed on that phase of his pilgrimage; that he was unable to budge the company from the position it has taken and he has from now until to-morrow to prepare himself to announce the sad tidings of his failure.

A mass meeting of the four councils was held at Vancouver last Thursday evening when the matter was thoroughly, and at times, heatedly discussed.

In addition to asking Premier McBride what concessions he got from the London board which might be applied to franchise negotiations, the committee of councils also intends to seek a promise from him that he will actively assist the districts in closing with the company in some way satisfactory to all concerned.

The Vancouver representatives in addition will make a claim for early action with reference to the termination time of the company's franchises in D. L. 201 and Hastings Townsite.

## WILL THERE BE AN OKLAHOMA RUSH?

LARGE AREA OF LAND TO BE THROWN OPEN

As Result of Trip of Hon. W. R. Ross to the North

Will there be a rush for land in the vicinity of Fort George along the lines of the notorious standard for Oklahoma seventeen or eighteen years ago? This is a question pre-emptors will be asking themselves when they learn of the government's intention to throw open for pre-emption almost immediately one hundred and fifty thousand acres of the best land in the northern part of the province as a result of the trip of Hon. W. R. Ross to Fort George and vicinity.

Mr. Ross left here Saturday evening and will proceed direct to Edmonton. From there he will take the G. T. P. westward as far as it is completed, and will then make the remaining stages by wagon and boat to Fort George. He will be accompanied through the whole journey by J. A. Fraser, M. L. A., and by R. E. Benedict, head of the operating branch of the forest service. Dr. Callaghan, M. L. A., will join them at some point up-country and accompany them to Fort George. The whole party will return by way of Quesnel, and Ashcroft. They expect to be away about three weeks. The object of the journey is to enable the minister of lands to estimate the needs of the forest service which has recently been established. At Fort George, however, he will meet the citizens in accordance with an invitation received by him some time ago, and will discuss with them the settlement of several public questions which are pending there.

Among these questions in which Fort George is interested, one of the most important is that of securing settlers along the G. T. P. right-of-way from Fort George to Tete Jaune Cache. Under the agreement made with the province the G. T. P. is entitled to take free of charge the land needed for right-of-way, and station purposes to the extent of thirteen acres per mile. Moreover, after selecting its right-of-way the company is entitled to shift it a mile on either side within one year. The effect which this arrangement has had in that vicinity has been

**STEALING A RIDE.**

Whenever Premier McBride finds himself too hotly pursued by the Nemesis of his failure to take a practical interest in the settlement of the agriculture lands of the province, he boards an imaginary train on one of his imaginary railways, dives under the cushions of the parlor car and forgets the world. This has been his persistent practice for the last two years. By granting interviews to his subsidized organs the Premier manages to keep his colors at the mast-head and these are now so gorgeous and gaudy that he hopes the attention of the populace will be attracted from the more serious features of the maladministration of the government of which Sir Richard is lock, stock and barrel. The Premier is becoming more and more reckless in the claims which he makes for his railway policy and the general conduct of his government. In his chief organ yesterday he treated the reading public to a remarkable exhibition of his disregard of truth when speaking of the influence which have brought prosperity to the province. His utterance is so remarkable that it must be reproduced here. The Premier says:

"Now, I make the claim that a programme like that has never been undertaken by a provincial government in history, and if you ask me how it is that we are able to do it in B. C. I must answer that it is rendered possible on account of the splendid financial status which the province enjoys. It has been argued that undertaking such an immense work represents recklessness, but I do not think that that statement is, or can be, serious for the simple reason that the credit of the country is getting better than ever. As a business proposition it is the desire of the government to get the best value for every dollar spent, and with special reference to the railway programme of the government I think it must be conceded that we are getting it."

And why does the Premier lay these flattering unctious to his soul? Simply because the Canadian Pacific Railway is going to double-track its road through the mountains and there has been some conversation between the Premier and an official of the Great Northern by reason of which Sir Richard can "visualize" the prospect that something is going to be done by the latter company in extending its lines farther into British Columbia. The action of the government in loaning the line over the Hope Mountains is going to "force" the Great Northern to do something. There is admittedly nothing definite about this announcement, but it serves the purpose of throwing up another dust and diverting the attention of the public from the ineptitude and incapacity of the government in dealing with the "real" problems of the province.

As a matter of fact the double-tracking of the C. P. R. through the mountains is not attributable either to the prosperity or solidarity of the credit of the province. Nor is it due to the development of the province since the McBride administration came into power. All the C. P. R. business with British Columbia amounts to is the hauling into the province of some \$29,000,000 worth of the necessities of life, the greater portion of which should be grown within the province, and would be if the government had started out 10 years ago on a rational policy of land settlement. The big business of the C. P. R. is with the Orient and in the prairies, and it is that business that has necessitated the latest move.

The Canadian Pacific Railway would have to double its tracks through the mountains if British Columbia were an arid, unproductive waste the whole stretch of the 600 miles to the prairie provinces. The policy of the McBride administration is to be credited with the building of this extra traffic accommodation only about as much as it is to be credited with the building of the C. P. R. in the first instance.

Likewise, the Great Northern Railway had its plans for the extensions of its line through British Columbia long before Sir Richard McBride even evolved from the curculio of his political ambitions into membership in the legislature. The Great Northern Rail-

way asks no favors of Sir Richard's government, nor does the public know that the government has done anything either to encourage or hasten the work which the Premier now "understands" is to be carried out. Yet Sir Richard does not hesitate to announce that he is to be credited with all this progressive railway enterprise. Sir Richard is simply stealing a ride on the buffet coaches of these two railways. His attempt to take credit to himself is not worthy of his office. He is riding under false colors and arrogating to himself an importance in respect of these matters which is obviously and purposely deceptive. He is fostering the popular superstition that he is the soul and life of every step in advance which this province is sharing, not only in common with, but because of, the prosperity of Canada as a whole.

There is, after all, some ground for the popular belief that Sir Richard not only thinks he causes the sun to shine, but the belief is also prevalent among his sycophantic journals that the sun cannot shine unless Sir Richard raises his chandler's call in the morning.

**CONVERT TO HOME RULE.**

In spite of the almost solid opposition of the members of the Unionist party in the United Kingdom to Home Rule, there are left a few Unionists who are not wholly unamenable to a reasonable and non-partisan attitude toward the Home Rule bill. One of the most prominent of these is Sir Morgan O'Connell, an Irish landlord who has lived his life up to the present in Ireland. He is a strong Unionist, but in a letter to the London Times he says "the most strenuous opponent of the Home Rule bill cannot say it is separation." He assumes, however, that the House of Lords will reject it simply because it is Home Rule. Sir Morgan peers into the future and asks what would happen should a general election take place on this issue and the Unionist party be returned. "Can they hope to have and to keep such a majority as will enable them to look upon the votes of eighty-one Nationalists as of no account whatever?" He points out that these Nationalist members will not for the future have to collect the world over for their support at Westminster. They will be there in receipt of 160 a year each from the British taxpayer—and "their one and only object in remaining there will be to force on Home Rule, and possibly obstruct other business by all means in their power."

In this they will undoubtedly be helped by an increased Labor vote and by such Liberals as are left in the House. Sir Morgan O'Connell goes on to say: "Mr. Bonar Law at Belfast promised Tariff Reform and extended land purchase as a substitute for this bill. Both of these are very excellent things for Ireland, I believe, but 'killing Home Rule by kindness' will be an expensive business for the British taxpayer. Fifty millions of money have already actually been paid to promote land purchase, and as far as I know not even one district councillor—outside Ulster—is any less vehement in his demand for Home Rule, so that it is a nice mathematical calculation how many millions it will take to make eighty-one Nationalist members into good Unionists." It certainly cannot be done on any Tariff Reform tariff as yet adumbrated.

This brings Sir Morgan O'Connell to his conclusions. He has up to now always been a Unionist because he feared that Home Rule meant separation. Separation has been hurried by the acceptance of the bill. In these circumstances there are two ways—and two ways only—out of the position as it exists:

1. The giving to Ireland the right to manage her own local affairs and to thus turn her from being a danger into being a strength to England.
2. To leave things as they are, and to disfranchise every Nationalist constituency.

The Westminster Gazette is inclined to accept the view of Sir Morgan, and cites his case as a striking example of the progress that is being and can still be made in the favorable attitude of individual members of the opposition party toward the Home Rule bill. The second alternative suggested by Sir Morgan is one which none of the Unionists would care to face.

It was the Lethbridge Board of Trade which first suggested four months as the period for the remission of the duty on cement, but it asked for the total remission and not for only half the duty. On the theory that it is never wise to give "children" all they ask for the government has given them half a loaf.

Judging by the frenzied editorials of the organs of the "Interests" in Eastern Canada the National Policy of "moderate protection" is on trial as never before in Canada. Judging by some more of these commentaries there appears to be a danger that the policy will crack and rend and break before the interests are ready for the collapse. Let the good work go on.

The London Daily Telegraph says there will be no British fleet in the Pacific, and for reasons that will satisfy Canadians as well as Brits. The Kingston Standard, a Conservative paper, says: Under the circumstances it is not likely that

Canadians will fall in with Hon. Mr. McBride's idea that Canada must have ships in Pacific waters. British Columbia may want such ships, the rest of Canada does not.

The Prime Minister of New Zealand announced on May 30 the intention of his government to repeal the Second Preference Voting after the scheme of preference voting after the manner of the Electoral Reform Association of Great Britain. Evidently the Second Ballot system does not work to the satisfaction of either electors or governments in progressive countries.

Half the duty on cement has been removed, and the Finance Minister says: "Such a remission is equivalent to about 26 cents per barrel of 350 pounds, under the general, 23 cents under the intermediate, and 17 cents under the preferential." And yet there are people foolish enough, says the Winnipeg Tribune, to think that the high duty doesn't go through the pockets of the people.

In the death of Rev. Dr. Spurling at Winnipeg the Methodist church in Canada has lost a strong man and the educational institutions of the Dominion an able, successful and efficient servant. Dr. Spurling's place in educational work in the Middle West was a large one and he filled it well. Broad-minded, sympathetic and a clear thinker, the influence exerted by him in formulating the educational policies in the making of which he shared will remain in the future years.

At Baintree in Essex, England, the syndicalists are meeting the first reprisals against their domination of the wage earners in the shops and mills. Encouraging the workmen to do no more than they thought would be a fair equity for the wages paid, the employers appointed "spedlators" to see that the men worked fairly and produced as much as they were considered moderately capable of doing. The men went on strike, paraded the streets and sang "Rule Britannia," obviously unaware that a much more appropriate chorus would have been "Britons never."

**OUR LETTER BOX**

EVERLASTING HYMN OF PRAISE.

To the Editor: The letter in your Saturday edition signed "Query" is one that voices the feelings of many Victorians. The everlasting hymn of praise sung by the Colonist is three some to say the least, and we are all quite aware that he is a smart politician, and many of us are familiar with the rather doubtful methods his machine employs to gain its ends, but even his most ardent supporters admit that he is not a statesman, and unfortunately he never can be, and a few years hence the evil effects of his administration will be keenly felt.  
 PLEBEIAN.

**THE NEWSPAPER PERSONALITY.**

H. J. Haskell, of the Kansas City Star, to the School of Journalism, Columbia, Mo.

"The newspaper personality may not and indeed cannot reflect in detail the personality of any one man, but in a general way forceful personality may impress itself so strongly on an institution that it may partake of his characteristics to a striking degree. Then the tradition once established perpetuates itself.

The traits of such a visitor as the newspaper, which comes to our homes, should be good manners, entertaining, enlightening, sane, well informed, and above all sincere. It should be ready to stand for ideals. All of these qualities may be seen in the handling of the news. While the personality of the newspaper manifests itself in the handling of the news it comes to the surface most explicitly in the editorial page and in the various features of that page.

**CHECKED UNTIL CALLED FOR.**

From the Hamilton Herald.  
 The Toronto Star says that the Minister of Militia will have to be checked, although the Hon. Col. Sam were a piece of baggage!

**FOR THE EAST, TOO.**

From the Hamilton Herald.  
 Remission of cement duties for the relief of the West? Why, yes—and for the relief of the East, too.

The invigorating influence of a glass of really good Soda Water after a strenuous day's work or pleasure will do you a whole lot of good. Choose the beverage of QUALITY—it's named

**KIRK'S GINGER ALE**

"IT'S THE WATER"

**Summer Clothing For Women and Children--Tuesday's June Sale News ECONOMIES WORTH WHILE**

**Seasonable Garments at June Sale Prices**

THAT the policy of this store is to give our customers the best possible value for their money, is a fact that is well supported by the values that we are offering for Monday and the coming week. Every garment is a standard of quality that will bear the closest examination by the most exacting woman, yet the prices are well within the reach of all.

**Smart Summer Costumes That Were Marked at \$35 and \$45 are Still Selling at \$19.75**

ALTHOUGH we have sold a large number of these costumes, there is still a choice variety left. However, early shopping on Tuesday is advisable if you wish a good range to choose from. We don't expect to have another bargain like this for some time to come, perhaps not this summer, so don't miss your opportunity. It means that you get a reproduction of one of the world's best models at a price that represents a saving of from \$15.25 to \$25.25. Surely this is a temptation for even the most economical woman in town. All are silk lined, and there are both the neat plain tailored styles and fancy trimmed garments to choose from in many materials and colors.

**Jaunty Linen and Pongee Coats For Fashionable Women**

FROM such a wide variety as the showing in this department represents, you should find choosing to be an easy matter. All are the newest models on the market and are reproductions of the models made by the world's most famous fashion artists. Some are perfectly plain tailored, and depend on the very neatness of the tailoring for their smart appearance. The very fact that the workmanship will stand this very severe test is a recommendation that is beyond words. Other models are trimmed with Paisley or Persian silks, while others have deep collars inlaid with materials of a contrasting color or black, and have cuffs trimmed to match. There's no better time to make your choice than to-morrow morning. We invite your inspection.

LINEN COATS range from \$5.00 to ..... \$27.50  
 PONGEE COATS start as low as \$18.75 and range up to ..... \$37.50

**Lustre and Serge Coats For Baby**

These came to hand on Friday morning, and they are entirely new styles. Lustre, serge and Cashmere are the materials and they come in both white and cream color. Some have deep collars trimmed with embroideries in silk and silk braids, while others have both deep collars and fancy capes. They are beauties, and you will be more than pleased when you see them. Various sizes and the prices start as low as \$2.00

**Some Whitewear Values For Your Consideration**

**CAN YOU WISH FOR BETTER VALUES**

TO attempt to tell you of all the attractions that the Whitewear department is offering to you is a hopeless task. So many smart, effective garments are here that the most that we can do is to tell you a little about just a few.

- CHOICE CORSET COVERS, made of allover embroidery. They come in a fine range of different patterns and all sizes are here. June sale price ..... \$1.25
- DRAWERS, made of a fine nainsook or cambric. Some are made in French styles and are beautifully trimmed with Valenciennes lace. Others are handsomely finished with Swiss embroidery. Rare values at, per garment ..... 90c
- UNDERSKIRTS, made of a fine nainsook and have a deep embroidered flounce set with one row of insertion. These are made in narrow widths. A specially fine value at, per garment ..... \$2.50
- PRINCESS SLIPS, made of a fine mull. Have an 18 inch flounce of Swiss embroidery, and is finished with insertion and ribbons. The corset cover has a yoke of eyelet embroidery. A special value, \$3.50

**Dainty and Useful Garments For Your Child to Wear**

To have her child well furnished with dainty garments is one of the fondest aims of most mothers, but in some cases the purse won't allow for the expense. However, here's an opportunity that may appeal to you.

- BATH ROBES—These are the "Good Night" brand, are made of fleecy, thick flannelette and come in many fancy patterns. They are finished with turn-down collars and girdles. Sizes for children from 2 to 14 years old. Per garment ..... \$1.35
- PYJAMAS, made of fleecy flannelette. They are cute little garments that are the essence of comfort. Sizes from 2 to 10 years. Per garment ..... \$1.75
- A SHOWING OF THE DEAREST, QUAINTEST DRESSES FOR GIRLS AND MISSES
- WHITE DRESSES for girls from 1 to 6 years old. These are choicely trimmed with embroideries and laces and come in French and other styles. Prices from \$1 to ..... \$4.75
- WHITE DRESSES FOR GIRLS AND MISSES—These are in sizes ranging from 8 to 16 years, and are to be had in many charming styles. Some are in allover embroidery and others are trimmed with laces and insertions. Prices start at \$12.75 and range down to \$1.75

ADVERTISE IN THE TIMES

BRIEF NEWS OF THE CITY

New Golf Clubhouse.—A building permit has been granted by the Oak Bay council to the Victoria Golf Club for a clubhouse on the links, for which the architects are Hoist and Horton and the builder, D. Bell. The clubhouse will be two storeys in height and will contain one room on each floor. The estimated cost is \$400.

Canoe Club.—There will be a general meeting of the Y. M. C. A. Canoe Club on Friday evening next, and on the day following a canoe excursion up to the Gorge will take place, when it is hoped that all the members will turn out. The non-arrival of the first batch of canoes from the East is lying heavily on the mind of Walter Small, the genial captain of the club, but he hopes that this burden will shortly be most satisfactorily removed.

"Sepias"—Soft, delicate, refined. The last word in high grade photography. The Skene Lowe studio, Douglas and Yates.

Library Bulletin.—The long-expected library bulletin made its appearance on Saturday evening at the Carnegie, and this monthly feature will be an immense boon to all readers of the library books as it details and classifies the various volumes which are added to the shelves during each month. The books whose title are contained on the first bulletin are those which have been added during the month of May, and in each case the title and subtitle are given in full, while in the majority of cases a little account of the scope of the work is given to aid the reader in making his choice. The next one will be published about the end of the present month.

Contractors, Look!—CHOICE FIRE DOORS, WINDOWS, GLASS, etc., in stock, R. A. Green & Co. Phone R1998. Shop on Fisgard near Cook. Estimates free.

Railway Superintendent Returns.—H. E. Beasley, the superintendent of the E. & N. railway, returned yesterday from a tour of inspection up the island as far as "Union Bay." Mr. Beasley stated this morning that all the work was being pushed forward splendidly and that the grading was done for ten miles north of McBride Junction. He stated that the route of the track to Courtney had all been cleared, except for about five miles of the way, and that of course the contracts for that part of the railroad could not be let out until all the way had been cleared. He is immensely satisfied with the way in which progress is being made right along the line.

S. P. C. A.—Cases of cruelty, phone. Inspector Russell, 1921; secretary, L1723

Development League.—The Development League this morning had a very comprehensive set of replies in reply to its newspaper advertisements in all parts of the world. The great majority were merely applications for information on different branches of industry in Vancouver Island. One important communication was from a large wine merchant in Scarborough, England, who is greatly interested in the development of Victoria and contemplates emigrating at an early date to set up business in this district. From a firm of garden implement makers in the city of London came the inquiry as to the opportunities for such a trade in this province while a trace of inquiry was added to the mail by a quaint communication from Castle Blarney, Ireland. Other letters were from Hyde Park, London; Londonderry, Ireland; Winnipeg; Galway, Ireland; Toronto; Glamorgan, Nevada City, Tiverton, England; Belfast; Emmanuel College, Saskatoon; Wimbles, England; North Island, New Zealand; Moose Jaw, and Buckingham, England.

Hanna & Thomson, Pandora Ave.—Leading funeral furnishing house. Connections, Vancouver, New Westminster and Winalpeg

Annual Pound Party.—Arrangements for the annual pound party, to be held on Wednesday at the Protestant Orphanage, are now completed. The home is well worth a visit and will be open for inspection from three to six. Afternoon tea will be served and the ladies of the committee are looking forward to welcoming many new friends as well as those of many years' standing.

Cut Prices for 15 Days.—Spectacles and eyeglasses, warranted gold-filled frames best lenses complete, \$2.50 up. Eye examinations free. Frank Clugston, Optician, 654 Yates St. (corner Douglas) Room 1.

Harbor Illumination.—The special committee appointed to investigate the question of the illumination of the harbor will submit its recommendations to the joint committee some time this week, when the scheme which is in the course of being drafted will be considered and definite action taken to bring the matter to the attention of the city council, the B. C. E. R., and the railway companies, all of which are greatly interested in the project.

Phone 121 for an up-to-date hire car. Open all hours.

Supervision Begins To-day.—Alderman Dilworth stated this morning that the new supervisors for the Beacon Hill playground would commence their duties this afternoon, beginning at 2 o'clock, and that they would continue on the ground until dusk. When the schools are closed for the summer vacation the supervisors will be on hand at 10 a. m., and will continue their work among the children until 8.30. As has previously been mentioned in these columns, the lady and gentleman chosen for this important work are Howard C. Gerish and Ruth E. Jarvis.

For your taxicabs phone 121.

Y. M. C. A. Membership.—There has been a steady increase in the membership of the Y. M. C. A. during the present month and the figures presented by the membership secretary this morning show that since the first day of June 16 senior members have been added, one business member, and two junior, while one member has joined the Y. M. C. A. during the last fortnight. This very encouraging state of affairs brings the total membership of the local organization up to 999 members.

Swimming Club.—At a well-attended meeting of the Y. M. C. A. Swimming Club on Saturday evening the captain and vice-captain of the club were chosen in the persons of L. Godfrey and W. T. Stanton. Of the water polo team S. Power takes the premier position, with W. Hoyoake, vice, and George Stott, secretary. Much gratification was evinced at the announcement of the two C. A. S. A. and the four provincial championships awarded to the club and it was resolved to apply at once for the two hundred yards which has not yet been placed.

See "Parish Priest" to-night. Williams-Stock Co.

Victoria City Kennel Club.—A general meeting of the Victoria City Kennel Club will be held in Dr. Garesche's office, Yates street, on Wednesday evening at 8 o'clock. The business under consideration will be the election of officers for the coming year, and to complete arrangements for the fall show which will be held in connection with the agricultural exhibition. The officers of the club are very anxious to see the membership increased to one hundred members. All fanciers who cannot attend the meeting on Wednesday may leave their names with the secretary, Ed. Hill, at the corner of Broad and View streets.

If you want your home made clean and sweet, phone 26 for the Dustless Vacuum Cleaner. We take stains out of carpets. H. Mercer, 1603 Jubilee St.

TWENTY-FIVE YEARS AGO TO-DAY

Times, June 17, 1887.

The mayor and council waited on R. Dunsmuir, M. P., president of the E. & N. railway, to-day, to discuss if it was the intention of the company to bring the railway into the city. Mr. Dunsmuir informed the deputation that it was the intention of the company to bring the line to a point at the west end of Cormorant street, where the company has already acquired property necessary for a small station with the idea of asking the corporation for the privilege of running cars up Cordova street if it so desired. President Dunsmuir further stated that plans for a swing bridge were about complete, and although the deed was not issued, the Indian reserve for \$60,000, and although the deed was not conveyed to him for the above consideration, Councillor Pearce moved and Councillor Higgins seconded a vote of thanks to Mr. Dunsmuir, and the deputation withdrew.

Mr. George L. Hill, of the Senate and city, was united in marriage at Seattle last evening with Miss Lizzie Atwood, daughter of Rev. Mr. Atwood, of the Seattle Methodist church. The happy couple arrived by the North Pacific this afternoon and received congratulations from many friends.

The management of the Victoria theatre has taken a decided objection to freemen entering the place during performances as "dead-ends." The rule in the past has been for a member to don a fire cap, which was the necessary talisman. Last evening a damper was placed on the proceedings and a little "scene" ensued.

Win for Juniors.—The junior baseball team of the Y. M. C. A. on Saturday defeated the eighth troop of Boy Scouts by 29-40.

Dan Sully's "Parish Priest" at the Princess Theatre to-night.

St. Joseph's Bazaar.—The ladies of St. Joseph's R. C. church will hold a garden party and sale of work on Wednesday, June 19, at "Duravanush," Esquimalt road, two doors below Catholic church, from 3 to 11.30 p. m. All friends are cordially invited.

Meet me at the Bismarck.

Lottery Raid.—As a result of a police raid on a lottery run by a Chinese named Sam Roy Saturday night, the Chinese was fined \$40 in the police court this morning. Eleven white men found there were fined \$25 each, being charged with looking on at a gambling game. Mrs. Herbert Kent was fined \$25 for automobile speeding and a warrant named William Blake, was sent to jail for one month.

Don't fail to see "Parish Priest," at the Princess to-night.

Rose Show.—The date of the rose show is at last arranged, and this annual festival of the queen of flowers will take place on June 25 at the Alexandra Club. The Victoria Horticultural Society are mainly responsible for the observance of this annual show of roses, but the exhibits are not in any sense confined to any individual or group of individuals, being open to all and sundry. Instituted for the express purpose of encouraging the growth and cultivation of roses, it would be derogatory to confine the exhibits to any particular class, and something has already been effected in promoting a healthy competition among the rose growers of Victoria, this resulting in several prize blooms being displayed every year.

Victoria Cadet Band.—Numbers of people were attracted to North Ward park yesterday to hear the programme of music given by the Victoria Cadet band under the direction of Bandmaster Plowright, the boys looking very smart in their new uniforms. This is the third concert given by the band this season, and the programme was very attractive, although the boys suffered some inconvenience from the open condition of the bandstand, which is quite unprotected from wind and the blazing sunshine. It is hoped, will be remedied before the next concert, which takes place next Saturday afternoon at the same time. Some of the features of Saturday's programme which were particularly enjoyed were Assistant Bandmaster Fox's trombone solo, "In Cellar Deep," the Danube waltz, and Ripley's opening march, "The Corporal of the Guards." The boys are doing remarkably well, and in the course of time will be able to play music of the highest order.

Money to Loan.—We have money to loan at 8% interest on improved city residence property on easy repayment terms. Builders will do well to inquire. The B. C. Permanent Loan Co., 1210 Government St.

Quarterly Rally.—Much enthusiasm is being evoked by the contest for the prize banners which are given by the Adult Bible Class Federation for the largest class and the largest percentage present at the rally to be held on Wednesday evening in the First Presbyterian church, commencing at eight o'clock. Every effort is being put forth by several classes to wrest the percentage banner from the Shakespearean inquires and royal commissions, and in the representative of the Local Government Board on the Social Welfare Association. He has also published a number of papers on scientific subjects.

IMPORTANT TO INSURERS.

If you are thinking of taking out an endowment life insurance policy, it must surely be of importance to you to be insured in a Company that has no interest to consider or care for except the interests of its policyholders—that is to say, your interests. It must further be of interest to you to know that every dollar of profits earned by the Company goes to the policyholders, to whom alone all profits are paid. Such a Company is The Mutual Life of Canada, one of the oldest and strongest Companies in Canada. Before insuring elsewhere get the rates and plans of The Mutual Life of Canada. R. L. Drury, Local Manager, and Fred M. McGregor, Special Agent, Offices 918 Government St.

WEATHER BULLETIN.

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, June 17.—5 a. m.—The pressure is moderately high on the Coast, but is becoming abnormally high in the prairie provinces and the middle west states. Rain has fallen at Qu'Appelle and Winnipeg, but fine summer weather is very general over this western portion of the country.

Forecasts.

For 24 hours ending 5 p. m. Tuesday. Victoria and vicinity—Light to moderate winds, fair and warm.

Lower Mainland—Light to moderate winds, fair and warm.

Reports at 5 a. m. Victoria—Barometer, 30.16; temperature, 59; minimum, 59; wind, calm; weather, clear.

Vancouver—Barometer, 30.14; temperature, 52; minimum, 52; wind, calm; weather, clear.

Best Get an Estey

Organ Get an Estey

We are exclusive agents for this world-renowned organ, which has been made and sold for 66 years with ever growing popularity. In that period, not counting the present year, no less than 375,000 separate instruments were turned out and bought by delighted customers.

THE ESTEY.

Reasons for Buying An Estey

It stands on an established reputation, a reputation that could not exist if it were not the finest organ procurable. For more than half a century it has been steadily gaining in favor in the open market in competition with all other makes. The third generation of Estey's is making the organ to-day with the same particular care in every detail that was first exercised by the founder, Jacob Estey. Built of specially selected material, by craftsmen trained for years in the same factory, a factory that leads the world for size and equipment, the Estey is constructed on the right lines. Its tone, volume, mechanism and finish are absolutely the best that can be secured.

Therefore, When It's An Organ It Should Be An Estey.

## MAKES FAIR CATCH ON SECOND CRUISE

### YSABEL MAY RETURNS FROM THE WEST COAST

#### Got in Saturday Night—Volcanic Ash Caused Some Trouble Aboard Vessel

Returning from her second fishing cruise off the west coast of Vancouver Island, the gasoline schooner Ysabel May, Capt. Geo. Heater, arrived in port on Saturday evening at 6 o'clock with a fair catch of halibut and cod. The former sealer was away from Victoria two weeks and fished as far north as Quatsino Sound. Almost the entire time she was off the coast heavy weather was experienced, and the days when the dories could be lowered were scarce. Strong wind blew almost continually, and the fishing lines lay idle many days.

According to Capt. Heater a large number of fishing vessels are now operating off Cape Flattery. During the trip he did not see any of the American vessels inside the three-mile limit, all of them keeping well out on the high seas. Capt. Heater also speaks well of the Ysabel May as a fishing boat, and believes that he will bring in some record catches before the season is ended. The May is the first vessel to engage in the fishing business out of Victoria, and it is understood that before long several of the other sealing vessels will be placed in the business.

While cruising about off Quatsino Sound the Ysabel fell in with the volcanic ash, which has been floating

south from the crater in Alaska. It was blowing rather hard and the seamen were unable to explain the cause of the stinging in their eyes, and at last they fell to blaming one another for spitting tobacco juice. When on a cruise the fisherman would be lonesome without his plug of tobacco in his back pocket, and as he chews almost continuously, many of the little cakes are consumed on each voyage. Following short articles on the fishermen would retire below with their eyes giving them intense pain. The ash contained a certain amount of sulphuric acid, and as the fishermen could not account for the cause of the gloomy nature of the atmosphere, lodged the blame on to the tobacco juice.

Capt. Heater expects to get away on another cruise in about two days.

## SHIPPING INTELLIGENCE

June 16.  
Astoria, Ore.—Arrived: Nevada, Sue H. Elmore, Tillamook; Beaver, San Francisco and San Pedro; Sailed: Rose City, San Francisco and San Pedro; Verona, Puget Sound; Daisy Freeman, California; Jim Butler, California; M. S. Dollar, Puget Sound.

San Francisco, Cal.—Arrived: Atlas, Seattle; W. S. Porter, Astoria; President, Ancon; Sailed: Chehalis, Gray's Harbor.

Seattle, Wash.—Arrived: Watson, San Francisco; Prince George, Prince Rupert; Sailed: Jefferson, Skagway; Mariposa, Southwestern Alaska; Admiral Sampson, Southwestern Alaska; Mackinaw, San Francisco.

Los Angeles, Cal.—Arrived: J. B. Stetson, Gray's Harbor; Helene, Gray's Harbor; Klamath, San Diego; Bear, Portland.

Bound for Clayoquot and way ports the C. P. R. steamer Teese, Capt. Chisham, left here on Saturday night. She took out a large number of passengers and much freight.

## TAKES BIG SHIP OUT WITH LITTLE WATER MOVES TO ESQUIMALT TO DISCHARGE CARGO

### Prince George Leaves on Very Low Tide—Many Passengers Taken Out for North

Although the lowest tide of the year prevailed to-day and there was just sufficient water to float his vessel, Capt. Duncan McKenzie took the big Grand Trunk Pacific steamer Prince George out of the harbor at 10 o'clock this morning. It is usually the case with the large three-funnel vessels to either have them dock at the outer wharves or hold them in port on an occasion like this, but Capt. McKenzie, not desirous of losing any time, took his command slowly out to-day. In the harbor this morning many launches were lying high and dry and the tide receded an exceptionally long way from the rocks and shores.

The Harold will be here about two or three weeks discharging and unless she is chartered she will no doubt lie up in Esquimalt harbor. The barque is a small carrier and has but slightly over 2,000 tons to put off. It is understood she will be taken to lead a cargo of lumber either here or on the Sound for the United Kingdom or Australia.

Tomorrow night, or Wednesday morning the Chilean barque Eliza Lahn, Capt. Pundt, will be towed to Chemainus by the Lorne. Her master ordered a tug this morning and he expects to get away from the Royal Roads to-morrow night, although it is possible he may be detained. She is to take on about 1,500,000 feet of Valparaiso.

On Thursday night or Friday morning Capt. Neimann, of the Chilean barque Frieda Mahn, expected to weigh anchor and leave the Royal Roads for Vancouver, where the sailor will load a cargo of timber for the south. Both of these waters for over a month taking on their cargoes.

In a few days the British barque Kinross-shire, Capt. Mutchrie, will clear for

### Harold Towed in This Morning—Eliza Lahn and Frieda Mahn Ready to Shift

To discharge her cargo of coal brought from Barry, Wales, the British barque Harold, Capt. Charlton, was towed to the naval coaling wharf early this morning. Stevedores commenced shortly after she docked to get things in readiness for putting off the cargo, and it is expected that the work will commence at once. A new dock has been constructed at Esquimalt to hold the coal, the old wharf having been permitted to fall into a bad condition through the decay of the piles and the authorities decided to build a new one and not run the risk of losing the coal in the water.

The Harold will be here about two or three weeks discharging and unless she is chartered she will no doubt lie up in Esquimalt harbor. The barque is a small carrier and has but slightly over 2,000 tons to put off. It is understood she will be taken to lead a cargo of lumber either here or on the Sound for the United Kingdom or Australia.

Tomorrow night, or Wednesday morning the Chilean barque Eliza Lahn, Capt. Pundt, will be towed to Chemainus by the Lorne. Her master ordered a tug this morning and he expects to get away from the Royal Roads to-morrow night, although it is possible he may be detained. She is to take on about 1,500,000 feet of Valparaiso.

On Thursday night or Friday morning Capt. Neimann, of the Chilean barque Frieda Mahn, expected to weigh anchor and leave the Royal Roads for Vancouver, where the sailor will load a cargo of timber for the south. Both of these waters for over a month taking on their cargoes.

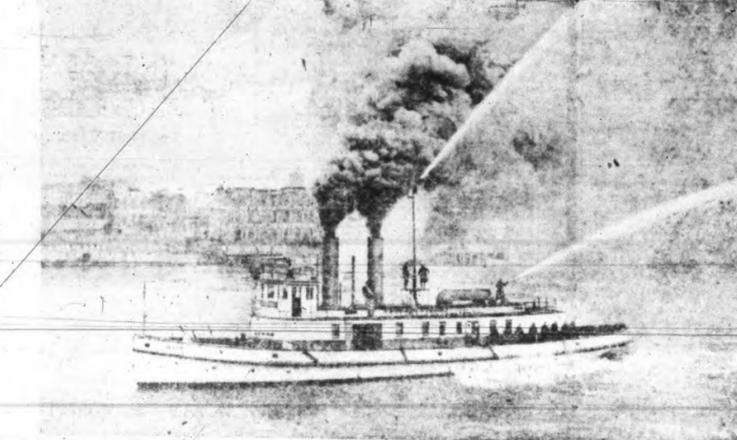

In a few days the British barque Kinross-shire, Capt. Mutchrie, will clear for

## ROYAL STRIKES LOG ON SOUTHBOUND TRIP

### Princes to Come Here to Be Surveyed—Sophia Due in Morning From Skagway

Wireless messages received this morning by the officials of the B. C. Coast Service from the steamer Princess Royal contain the information that the vessel struck a log heavily on her southbound trip. She left Prince Rupert on Saturday and it is expected she will arrive here to-night for an inspection. The Royal operated out of Vancouver for Granby Bay and way ports and does not come to this port. The officials have, however, ordered her to come across the Gulf to Victoria. It is not expected she will be held here long, as according to her schedule, she sails from Vancouver Wednesday night.

To-morrow morning the new C. P. R. steamer Princess Sophia, Capt. Campbell, will arrive in port completing her initial voyage from Skagway and Prince Rupert. She has made splendid time on the run and has handled about three hundred passengers and 20 tons of freight on the round trip. During the summer and fall the Sophia is to alternate with the Princess May on the Skagway run, and it is expected that they will carry a great many tourists this season.

This motor fire boat is at Portland, Oregon. This boat is capable of delivering 6,000 gallons a minute, from 17 streams, using two to four-inch hose. The authorities are building another for use on the Columbia river capable of delivering ten thousand gallons a minute, similar to the one in use at San Francisco, and it is a boat of the largest type, utilizing 21 streams, which Fire Chief Davis has recommended to the Victoria city council.

## FRISCO'S MARINE NEWS.

San Francisco, June 17.—The charter of another sailing vessel to lead in the fall grain fleet was announced Saturday. Hind, Rolph & Co. report taking the French barque General de Negrier to load at Tacoma or Portland for the United Kingdom at \$35.

The Oceanic steamer Ventura, which has lain idle in port since April 16, 1907, was given a trial trip in the bay Saturday preparatory to leaving for Honolulu next Saturday. She has been thoroughly overhauled and remodelled with oil burners installed and after this one trip to the islands will go permanently on the run to Sydney in conjunction with the Sonoma.

The new steel steamer Canjona being built for Swaine & Hoyt at the Craig Long Beach shipyards was launched Saturday. She will have a lumber carrying capacity of 2,500,000 feet and passenger accommodations for 160.

The tug Hercules, recently purchased by the Crowley Tug Company, has been given a trial trip on the bay after a general overhauling and has entered upon her work of general towing in opposition to the Redstack company.

The Kosmos liner Salata got in Friday night from Europe and the Oslris of the same line left Saturday.

The schooner Mahukona arrived Friday night from Newcastle, Australia, with coal for her run to Sydney. No charter for her has been announced, but it is presumed she is under engagement to her owners.

The schooner Aloha, which has just arrived on Gray's Harbor from Antofagasta, is also unchartered.

The barquentine Hawaii arrived Saturday from Mahowanka under charter to J. J. Moore & Co., to load lumber on the Sound for Sydney. The collier Wellington arrived from Nanaimo and the Pacific Mail liner San Juan from Panama.

United Kingdom with her cargo of 2,000,000 feet of lumber.

## THE MAN WHO COUNTS IS THE MAN WHO CARES

When you see a notably well dressed man—a man wearing a suit that suits him and fits him and is the fashion—then there is a man who believes he amounts to something, and who knows that if he does not believe it, no one else is likely to.

It is pardonable pride to enjoy being well dressed. It is an absolute necessity, if a man wants to be successful.

Business men wear Fit-Reform suits because they count. Fit-Reform suits are assets. They keep a man at his best by making him look his best, and compelling others to take him at his best.

Let your clothes count for you. Wear Fit-Reform.

SPLendid ALL-ROUND PLAY BY VICTORIA ELEVEN

Finest Display of the Season Given By Local Eleven at Mt. Tolmie--Superb Fielding and Team Work

Victoria v. Bachelors.

There was scarcely a dull moment at the Mt. Tolmie grounds on Saturday when the Victoria eleven gave one of their best displays of the season...

Excellent batting, followed up by good bowling and really superb fielding, resulted in a well-merited victory for the local team...

Victoria batted first on a wicket that was very fast and fiery, and on which the ball bounced dangerously at times...

Finlayson, who was bowling from the school end, opened with a maiden, sending up a slow ball of nice length with a lot of off break on it...

With the advent of Leonard, York began to hit more freely, and the score in consequence rose rapidly...

The Albions opened badly, for E. W. Ismay was hit hard by Tracey after he had scored only four, but his brother H. A. and Capt. Idiens played with greater confidence...

The second venture both teams did better, Albion contributing 157 for 5 wickets, of which H. A. Ismay 25, Pegler 39 and Yeoman 44 (not out) were the principal scorers...

The fielding was exceedingly close and keen, while Grant behind the wicket took many of Gallither's express deliveries high up with his left hand...

With Champain at the wickets, however, a slight change came over the scene and matters brightened up considerably for the Bachelors...

The match ended at 4.10, when York bowled Tracey, and the local team had won with five minutes to spare by 92 runs...

different displays in the field that we have had this season, to see this rejuvenation of this most important branch of the game...

Gallither and York bowled unchanged, and though differing as the poles in style were equally effective...

Victoria. F. J. Marshall, c Tracey, b Collison 3; H. A. Bell, c and b Collison 46; L. H. Major, c Collison, b Tracey 40; L. S. V. York, not out 40; T. R. Leonard, c Tatlow, b Tracey 64; G. C. Grant, c Champain, b Sparks 4; Extras 3; Total (for five wickets) 196; Innings declared: J. Wise, H. A. Goward, J. H. Grey and S. C. Thomson did not bat.

Bachelors. F. A. Sparks, bow, b York 21; C. N. Galer, c Grant, b Gallither 0; A. T. Tomlinson, c and b York 3; Rev. H. A. Collison, b Gallither 34; J. A. Tatlow, c Goward, b Gallither 4; C. Collison, c Thomson, b Gallither 1; E. R. M. Willis, b York 1; R. Finlayson, b Gallither 1; P. H. B. Champain, b York 13; A. R. Dolson, not out 4; A. G. Tracey, b York 2; Extras 2; Total 113; Victoria won by 83 runs.

Albion v. Vancouver. A strong Albion eleven proved too much for the Mainlanders in an all-day match at Beacon Hill on Saturday, and the latter team went down to defeat by 22 runs...

On a rather slow pitch and with a strong wind that aided the bowlers to quite an appreciable extent, the Albion faroed none too well in their opening venture, for against a strong batting side like Vancouver, a total of 124 runs can scarcely be termed encouraging...

The Albions opened badly, for E. W. Ismay was hit hard by Tracey after he had scored only four, but his brother H. A. and Capt. Idiens played with greater confidence, and considerably augmented the score before the former was clean bowled by Armitage...

E. W. Ismay, b Peers 23; J. Idiens, run out 25; H. A. Ismay, b Armitage 25; H. H. Pegler, hit wkt. b Shotton 1; L. B. Trimen, b Armitage 7; F. Jepson, c Shirley, b Payne 15; H. L. Yeoman, stp Peal, b Peers 27; E. J. Peers, c Jepson, b Peers 2; R. Hindmarch, c Shotton, b Peers 1; E. Parsons, not out 4; H. V. Kirkham, b Shotton 4; Extras 4; Total 124.

Var over--1st Innings. R. S. Clayton, c Ismay, b Parsons 12; J. M. Armitage, b Parsons 8; C. A. L. Payne, b Parsons 0; R. D. Hodgson, c Idiens, b Parsons 31; E. J. Peers, c Jepson, b Peers 6; A. Jukes, run out 1; G. C. Peal, b Hindmarch 10; H. Shotton, not out 13; S. Plindt, b Hindmarch 0; E. W. Sterling, b E. W. Ismay 0; W. E. Hodges, b E. W. Ismay 1; Extras 13; Total 102.

Cowichan v. Victoria B. Cowichan succeeded in defeating the Victoria B team on the home meadow on Saturday afternoon, winning by five wickets after a good game in which the locals gave a very good account of themselves...

Victoria B. 135, Cowichan 159 for six wickets. Cowichan won by five wickets. Oak Bay v. Albion. This match was played at Oak Bay on Saturday and the Oak Bay eleven continued their victorious career by defeating the city men by 89 runs...

Scores: Victoria B., 135, Cowichan, 159 for six wickets. Cowichan won by five wickets.

Oak Bay v. Albion. This match was played at Oak Bay on Saturday and the Oak Bay eleven continued their victorious career by defeating the city men by 89 runs.

Scores: Oak Bay, 128; Albion, 68. Oak Bay won by 60 runs.

The other Oak Bay eleven also won out with considerable ease against Saanich. Conrad Schwengers was at the very apex of his form with the ball, and with the young Australian, Mine, pegging away at the other end...

Saanich v. Oak Bay. This match was played on the Garrison ground and resulted in a win for the visitors, for whom E. P. Ward played a sparkling innings of 57 not out, being well aided by Fletcher, 18, and Foy, 14...

Scores: Saanich, 42; Oak Bay, 102. Oak Bay won by 59 runs.

Albion v. Garrison. This match was played on the Garrison ground and resulted in a win for the visitors, for whom E. P. Ward played a sparkling innings of 57 not out, being well aided by Fletcher, 18, and Foy, 14...

Scores: Albion, 122; Garrison, 89. Albion won by 33 runs.

Midway Between Victoria and Vancouver, in Sheltered Waters

Samuel Island

OFFERS A LIMITED OPPORTUNITY TO OWN A DELIGHTFULLY-SITUATED, PRODUCTIVE COUNTRY PLACE AT A VERY REASONABLE PRICE

From 3.6 acres to 22.8 acres, all with Accessible Waterfront,

\$750 to \$6,000 Per Lot

General View of Samuel Island

HERE ARE THE FACTS ABOUT THIS EXCELLENT OPPORTUNITY TO OWN A PLACE ON A SMALL ISLAND AT AN EASY PRICE

We realize that property values on all the desirable Islands of the Gulf are increasing rapidly and will soon be twice as high as they are now. As the mainland and Vancouver Island cities develop, the demand for locations on these smaller islands is becoming more and more pronounced...

SAMUEL ISLAND

Is delightfully situated, in very sheltered water and has anchorage facilities unsurpassed. Thus, it becomes an ideal rendezvous for yachts and launches.

An Outstanding Feature

Is the fact that every piece offered has accessible waterfront and excellent anchorage. Privacy has been secured for almost every lot by a carefully devised scheme of subdivision which must be seen to be appreciated.

The Island is a scenic treasure and has all the well known advantages of the best of the Gulf Islands. Splendid fishing is assured in the surrounding waters, and deer and game birds are to be shot in season. This is an ideal location either for permanent homes or for summer camping grounds...

Full descriptions, by lots, with maps, plans and photographs may be seen at our offices. Better come in early in the week if you think of snapping up some of the

Farrell, of Liverpool, N. S., and R. Irwin, of Shelburne, N. S., are in the city, staying at the Empress hotel. Rev. and Mrs. T. H. Vance have arrived at the Gleneshiel Inn from Vancouver, for a stay of several weeks. Miss Lavroak, of Vancouver, is over from the mainland on a short stay and is registered at the James Bay hotel. A. W. Ruthven Smith and R. F. Harper Crewe, two English visitors here recently, have returned to the Empress hotel. Mrs. S. MacIure, of this city, who has been abroad for the winter, returned last week with her daughter from Dresden, Germany. Lieut. A. E. D. Moore, of H. M. S. Rainbow, is staying on shore for a week and is registered at the James Bay hotel. Mrs. Henry T. Parker and her niece, Miss Pearce, have arrived from California, and are making a visit of some length at the Gleneshiel Inn. Mr. and Mrs. H. W. May, with their little son, made a short stay at the Gleneshiel Inn, during the week, returning to their home at Duncan on Friday. Mrs. B. J. Lansfield and Mr. A. Lansfield, of Hamilton, Ont., are visiting Victoria. They are the guests of Mrs. Johns, Helmcken street, Strawberry Vale. Miss Nadden, superintendent of the training school for nurses of the Hamilton hospital is also a guest of Mrs. Johns. At the first of their Majesties' May Courts, Miss Marion Dunsmuir, of Victoria, had the honor of being presented to the King and Queen. Miss Dunsmuir, in a becoming court toilette, being presented by Mrs. Lewis Harcourt. Col. A. D. Davidson and party left yesterday for a tour of the island to look over the various timber and mining interests in which his associates have investments. William Scrupp, of Toronto, C. N. R. insurance commissioner, accompanied them. The ladies included in the party are Mrs. W. F. Hutchings, Mrs. McTae and Miss Tainter. Many prominent Canadians resident in London attended the wedding last Wednesday of Miss Gladys Howland and Lieut. Col. Percival E. Thacker, formerly of Ottawa. The bride is the daughter of the late W. H. Howland and niece of Lady Tilley, of Fredericton, N. B. The wedding took place at All Saints' church, Eastmore Gardens, and was followed by a large reception at the Hyde Park hotel. At First Presbyterian manse Saturday evening, Rev. Dr. Campbell celebrated the marriage of Ethel Maud, eldest daughter of Mr. Harry Seaton, of Victoria, and Mr. Andrew Mackay, of Dunbartonshire, Scotland. The bride is a native of London, England. The bridegroom was supported by Mr. Harry Seaton and Mr. Donald Mackay, and the bridesmaid was Miss Edith Mabel Seaton, the bride's sister. After the honeymoon, Mr. and Mrs. Mackay will reside in Victoria. The Duke of Sutherland, who recently visited Victoria, left last week en route for England. His Grace expects to dispose, on his return, of his Yorkshire estate, Stittenham, which comprises over sixteen hundred acres. Dunrobin Castle will be occupied by the Marquis and Marchioness of Stafford throughout the summer, while the Duke will probably stay for a short time at his place near Le Touquet, on the Normandy coast, before returning here in August accompanied, in all probability, by the Duchess of Sutherland, Lord Alstair, and Lady Rosemary Levison-Gower. A very quiet wedding was celebrated Sunday at the Emmanuel Baptist parsonage when Miss Martha Jane Finch, who arrived just recently from Battersea, London, England, was united in marriage to Mr. George William Fotts, of this city, the Rev. William Stevenson performing the ceremony. The bride, who was dressed in a becoming tailor-made of cream serge, and carried a bouquet of pink and white carnations, was attended by Mrs. W. F. Hamilton, who acted as matron-of-honor. Mr. W. F. Hamilton acting as best man. The happy couple are making their home in Victoria. There are a great many Canadian visitors in London this month. Among those who have recently registered at the office of the Canadian high commissioner have been Mrs. S. Green, Mrs. K. and Miss Hosall, Vancouver; Rev. and Mrs. Underhill, Yale, B. C.; F. W. Oliphant, L. B. Orchard, Calgary; Chas. Martin, Winnipeg; Dean of Columbia and Mrs. Doull, Victoria; Bishop of Nova Scotia, Halifax; Mr. and Mrs. G. Letto, Vancouver; W. A. Cockshut, Calgary. At the offices of

A LACE TRIMMED SUIT. Black cloth is here rendered strikingly effective by being combined with brilliant green satin and ecru lace and embroidery. The satin is used for the facings and to cover the buttons. A square medallion of heavy ecru is appliqued on the front of the coat and around it in embroidered scroll designs, done in linen threads, exactly matching the lace in color. The buttons are decorated with stitches made of the thread and are fastened by loops made of the dress material. The skirt is plain with a high girle and some flare at the foot.

**Nota Bene!**

We are going to invest for old country clients \$11,000 in Shoal Bay and Oak Bay. We want direct from owners listings of good property at rock-bottom prices and property that can be bought on terms of one-quarter cash and the balance in one and two years. We can immediately dispose of good lots in the above districts for which we charge a commission of five per cent. Property owners who have first class lots to dispose of on the above terms (none other will be considered) will please communicate at once with the undersigned.

We also want a first class modern six, seven or eight roomed bungalow or house in Oak Bay or Shoal Bay, not too far from the car line. Our client will pay up to \$6500, but terms must be easy—about \$1000 to \$1500 cash and the balance preferably on monthly terms spread over 1, 2 and 3 years.

Wanted also really good acre suitable for subdivision.

All the above are genuine requirements and we can dispose of suitable property immediately.

**CO-OPERATION IN AGRICULTURE**

FEDERAL AND LOCAL ACTIVITIES OVERLAP

Commissioner C. C. James Arrives in City on Examination Into Provincial Conditions

C. C. James, of Toronto, for more than a quarter of a century deputy minister of agriculture for Ontario, who severed his connection with the Ontario civil service to become commissioner under the act passed last session to aid and encourage agriculture by means of establishing a better system of co-operation, arrived in the city this morning, and went at once to interview officials of the department of agriculture at the Parliament buildings.

The Federal government considers that the time has come for the development of a policy of co-operation with the provinces for the betterment of agricultural conditions throughout Canada, and in order to do that there must be a thorough examination of the actual agricultural conditions of the country and an exhaustive survey of the work being performed by the governments of the various provinces, and with a definite conception of the aims and objectives of the co-operation.

Mr. James was selected as the one man in Canada with a practical experience of agricultural problems best fitted for the work, and in his tour he is making himself conversant with the conditions, and the methods carried on in the different provinces. His duties are to ascertain upon what lines the educational, legislative and practical agricultural work is being conducted, and thus put the government in the position of active useful co-operation, and to prevent duplication of activities.

**HAS DISPOSED OF HIS COAL MINE INTERESTS**

A. C. Flumerfelt Sells His Stock in Royal Collieries to Messrs. Galer and Laidlaw

Word has been received here to the effect that A. C. Flumerfelt, the former president of the Royal Collieries at Lethbridge, Alberta, has sold his interests in these mines to Messrs. H. N. Galer and Andrew Laidlaw, of Spokane. Mr. Galer will be the president, with Mr. Laidlaw as vice-president.

The capacity of the plant will be doubled by the new owners, and next winter, it is reported, the collieries will be lifting between five and six hundred tons a day. The miners' payroll, it is estimated, will approach \$20,000 under the new management.

Arrangements have been made for financing the operations, and it is confidently expected that this undertaking will take first place among the mines of the district.

Mr. Flumerfelt, in confirming the statement that his interests were to be transferred to Messrs. Galer and Laidlaw, said that Mr. Galer would take the full responsibility of the undertaking, and would devote his whole time and attention to the development of the mines.

**RECEPTION TO FATHER SILVER.**

Newly Ordained Priest Entertained by Knights of Columbus.

A very pleasant reception was tendered to the Rev. John F. Silver, recently ordained to the priesthood, by the members of Victoria Council 1256, Knights of Columbus, last Thursday evening in their rooms in the Sweeney & McConnell building, Langley street. A large number assembled to welcome the young priest and a very pleasant evening was spent. At the beginning of the reception an elaborate address, which was beautifully inscribed and framed in oak, was read to Fr. Silver by the grand knight, John Hart, after which he presented the young priest with \$100 in new \$5 gold pieces in behalf of the council. Father Silver replied in a few well chosen words

and thanked the members present for their kindness. Following is the address:

"To the Reverend John F. Silver, 'Dear Reverend Father: It was with feelings of great pleasure to ourselves and of thankfulness to Almighty God that the members of Victoria Council, No. 1256, Knights of Columbus witnessed your elevation to the sublime dignity of priesthood in our beloved holy mother church on the first day of June.

"Our sentiments on this occasion are further embellished when the fact is brought home to us that yours is the dignity and honor of being the first native son of Victoria to be thus blessed; and moreover, you are the first ordination performed by our much-beloved Bishop MacDonald since his elevation to the episcopate.

"Thus we feel that you have been twice honored, and we wish hereby to assure you that it shall ever be our earnest prayer that you may be spared to administer to the spiritual needs of the faithful in this diocese in a manner which will reflect further glory on our holy religion.

"The members of this council of the Knights of Columbus are not content, however, to limit their sentiments of congratulation and gratification to the mere expression of words, and request you to accept at their hands the accompanying small token of affection and fidelity, coupled with their determination to place themselves at your command for any assistance which it is in their power to render in furthering your future efforts amongst us.

**ANOTHER BIG CARGO GOES OUT ON MARU**

Sado Leaving Port To-morrow With 7,000 Tons—Many Sailors Passengers Booked

Aboard the Nippon Yusen Kaisha liner Sado Maru, Capt. Asakawa, which will leave this port to-morrow afternoon about 5 o'clock for the Orient, will be an immense cargo of general merchandise, which the steamship loaded at Seattle and Tacoma. The big vessel has been on the Sound for two weeks and stevedores have been busily engaged in cramming the great amount of cargo billed by the freight agents into her commodious holds. Her manifest includes sewing machines, flour, machinery, hardware and lumber.

A good number of saloon passengers are leaving here on the Sado, but the list of Orientals as steerage is very small. Among those who have been booked in the first cabin are the following: Miss M. C. Hayden, Miss S. Hayden, Miss L. J. Warmoth and Miss C. Paddock, of Seattle; Miss Julia Ferguson and Miss M. Tuther, of Chicago; W. G. Cunningham, F. W. Chriswell, J. Pringle, C. de Souza, M. Yamada, a Japanese army officer; Mr. and Mrs. Y. Okomoti, of New York, and Y. Okada.

Another Oriental liner will leave the Sound to-morrow, the Minnesota, Capt. Garlick, of the Great Northern Steamship Company, being scheduled to sail shortly after the Sado Maru. After clearing for the Orient on her last two trips with the largest cargoes ever shipped from the Sound, the Minnesota will leave with a comparatively light load this voyage. She will have about 6,000 tons aboard, which includes 1,500 tons of flour for Hongkong, 2,000 tons of hay for Manila, and 125 big logs for Kobe. The balance of her cargo is made up of lumber for Nagasaki.

On her maiden trip in the trans-Pacific service the new Nippon liner Yokohama Maru, Capt. Noda, will arrive in port early on Thursday. The steamship was spoken again last night at 12 o'clock by the Estevan station and was about 62 miles from Victoria. She is bringing a good cargo here from the Orient, having about 600 tons for Victoria, and 2,500 for the Sound. Her passage list totals about 300, about 250 of which are steerage.

**DUNCAN MASONIC TEMPLE.**

Foundation Stone Laid by Provincial Grand Master on Saturday.

The foundation stone of the new Masonic Temple at Duncan was laid on Saturday with appropriate ceremonies, the officiating officers being: Grand master, F. J. Burde; acting deputy grand master, Wm. Gidley; grand senior warden, John M. Rudd; junior warden, Wm. Henderson; acting grand chaplain, Rev. F. H. Fatt; acting grand treasurer, M. W. Bro. H. H. Watson; acting grand senior deacon, Bro. W. McKay Campbell; acting junior deacon, W. Bro. C. G. Duncan; grand director of ceremonies, W. Bro. Wm. Astley; grand Tyler, T. M. Baker. M. W. Bro. H. H. Watson, acting as most instructed.

Among those present from Victoria were: Past President Master W. K. Houston; W. Brethren J. H. McGregor, E. J. Hearn, C. G. Duncan, Rev. Bro. F. Fatt and others.

## VICTORIAS TRIM FAIRVIEW TWELVE

### ALMOST DOUBLE SCORE ON SATURDAY

#### Unpleasant Incidents Mar the Value of Game From Spectators' Standpoint

The Victorias beat the visiting Fairview team on Saturday afternoon at the Royal Athletic park by nine goals to five, and particularly in the latter part of the game had things pretty much to themselves. The unfortunate fight between McDonald and Richards in the second quarter, renewed after the players had spent ten minutes at the fence the very first time they clashed for the ball again, which cost them their places for the rest of the game, and the dispute in the third, were unseemly features, which spoil the match from a spectator's standpoint. The last trouble, which arose out of the fifth goal netted by Victoria, held the game up for twenty-five minutes, and soured a bunch of the spectators. One of the Fairview men was down, and while in that position the ball certainly went into the net, but Tom Cusack, who was referring; at that end, declared he had blown his whistle for the injury, and disallowed the goal, hence the trouble. The Fairview men protested, and after wrangling and argument Cusack got the field clear, and resumed play.

After that Victoria settled down to victory, and won readily from the visiting twelve, who had not the staying powers. Were the locals home as good as their defence there would be nothing equal to them as an amateur team in this league, and the Mann cup would pretty soon leave Vancouver. The boys had a number of changes, and Clute, upon whom the bulk of the home work lay at the V. A. C. match, was off. Stanley Okell was at first defence, and Dakers and Sweeney with him united in putting up an excellent defence game, while McGregor and McCarter starred in their places in the field. Brynjolfson played a good game, and had most of the home work, with Ferguson and Cyril Baker to discharge for the local twelve. On the visitors' side were seen men who helped to carry the colors of the old Maple Leaf club in the days when they met the Westminster Salmon Bellies, and they have the making of a good team in them which they have worked together a bit. Ritchie, the captain, Fred Patner and Grauer were the hardest workers, and got in most of the brighter passes.

Before the next match Victoria will

have to revise the home if the cup is to be brought away from the V. A. C. headquarters. Winsmore—was on the field helping Cusack with the whistle, and at times both had plenty to do. Save for the two incidents mentioned above, there was really nothing of special note in the game, which was watched by a small crowd. The finest goal of the afternoon was a long underhand shot by McCarter in the end of the third, which beat McDonald from a third of the field away.

**Goal Summary.**  
 First quarter: McDonald, Victoria, 11 minutes; Wilson, Fairview, 8 minutes; Painter, Fairview, one-half minute.  
 Second quarter: Ferguson, Victoria, 12 minutes; McGregor, Victoria, 6 1/2 minutes.  
 Third quarter: McCarter, Victoria, 2 minutes; Grower, Fairview, 1 minute; Painter, Fairview, 7 minutes; McCarter, Victoria, 5 minutes; J. Johnson, Victoria, 4 minutes; McGregor, Victoria, 3 minutes.

**Officials.**  
 Referees: Cusack and Dinmore.  
 Timekeepers: P. W. Wilson, Victoria; and N. Jean, Fairview.  
 Penalty Timekeepers: Clute, Victoria; and W. Gilchrist, Fairview.  
 Goal Umpires: Redgrave, Victoria; and Glendenning, Fairview.

**Penalties.**  
 First quarter: Campbell, Fairview, 2 minutes.  
 Second quarter: McDonald, Victoria, and Richards, Fairview, 19 minutes; McDonald and Richards remainder of game.  
 Third quarter: Brynjolfson, 5 minutes.

**MARY BROWN WINS.**  
 Women's Tennis Championship of United States Decided in Singles and Doubles at Philadelphia.

Philadelphia, Pa., June 17.—Miss Mary Brown, of California, Saturday won the American lawn tennis championship in singles by defeating Miss Eleanor Sears, of Boston, in the final round of the women's national championship tournament, 6-4; 6-2.  
 Women's doubles final round—Miss Brown, of California, and Miss Green, of Philadelphia, beat Mrs. Harzer-Wallach, of New York, and Mrs. Schmitz, of Englewood, N. J., 6-3, 6-7, 6-0.  
 This makes Miss Brown and Miss Green the American doubles champions for 1912.

## EASTERN LACROSSE IN HEAVY DOWNPOUR

### Nationals and Toronto Hold Lead in Big Four; Cornwall First of N. L. U. Clubs

#### "Big Four" Standing.

Club	Won	Lost	For	Agst.
Nationals	3	1	26	12
Torontos	3	1	21	17
Irish Canadians	1	1	21	17
Tecumsehs	1	3	15	20

Toronto June 17.—A steady downpour of rain made it anything but ideal weather for lacrosse here Saturday, when the Irish-Canadians and Torontos clashed for the first time this year in a "Big Four" fixture. The field was a regular swimming pool, and the players wallowed around like ducks. The Irishmen were the first to score, but the Torontos soon evened up and at quarter time it was two-all. The second quarter was all Torontos, and the blueshirts ran in four while the Irish-Canadians were blanked, the quarter ending, Toronto, 6; Irish-Canadians, 2. The final score was Toronto, 7; Irish-Canadians, 2.

**N. L. U. Results.**  
 Montreal, June 17.—Tecumsehs and Nationals lined up before a small crowd in a downpour of rain Saturday. The Frenchmen found the Toronto Indians a light bunch, and had the game pretty well all to themselves. There was no scoring in the first quarter, but at half time the Nationals were leading by a score of 4-1. The final result was Nationals, 9; Tecumsehs, 4.

**N. L. U. Standing.**

Club	Won	Lost	For	Agst.
Cornwall	4	0	29	13
Montreal	2	2	16	19
Shamrocks	1	3	9	21
Capitals	1	3	16	27

**LIGHTWEIGHT REFEREE.**  
 Third Man for Wolgast-Rivers Fight at Vernon is Jack Welch, the Veteran Ring Man.

Los Angeles, June 17.—Jack Welch, of San Francisco, veteran arbiter of many ring battles, was chosen yesterday, to referee the Ad Wolgast-Joe Rivers lightweight championship contest to be held in the Vernon Arena, July 4. It was generally believed James J. Jeffries would be selected, but he notified Manager McCarey, of the club, that he could not act.

## GREAT OCEAN YACHT RACE IS UNDERWAY

### Four Boats Left Los Angeles Yesterday on 12-Day Trip to Honolulu

Los Angeles, June 17.—The fourth biennial trans-pacific yacht race between this port and Honolulu started at noon yesterday with four entries: The Hawaii of the Royal Hawaiian Yacht Club, sailed by Capt. Wm. H. Stroud; the Lurline of the San Diego Yacht Club, sailed by Capt. Lew Harris; the Natosoh of the Royal Victoria Yacht Club, Victoria, B. C., sailed by Capt. G. P. Ashe, and the Senator of the San Francisco Yacht Club, sailed by Capt. L. A. Norris, harbor master.

Capt. Harris won the first and second trans-pacific races with the Lurline, and last year was in command of the Sweetheart, the entry of the South Coast Yacht Club of Los Angeles, which took second place. The Hawaii won the cup two years ago. The cup this year will be presented by the South Coast Yacht Club. It is a handsome trophy valued at \$1,000.

The best time ever made was six years ago, when the Lurline sailed the course in the first race in 12 days and 5 hours.

**OAK BAY, 8; SIDNEY, 5.**  
 Intermediate Lacrosse Game at Sidney—Speech by Commander of Fifth Regiment When Facing Ball Off.

On Saturday the opening game of the Intermediate Lacrosse series took place at Sidney, between lacrosse teams of Oak Bay and Sidney. The Oaks winning out by a score of 8 to 5 in a very interesting game. Lt.-Col. Currie very kindly faced the ball, and gave the players a little talk on sport, urging them to play the game all the time and play it squarely. Referee Ash proved just and able.

The teams lined up as follows:  
 Sidney A. A.—Simpson, goal; Anderson, point; E. Munro, cover; A. Johnson, first defence; F. Humber, second defence; A. Robertson, third defence; Herth, centre; W. Munro, first home; R. Johnson, second home; M. Norton, third home; F. Smith, outside; H. Bedford, inside.  
 Oak Bay—Clarke, goal; O. Nason, point; H. Baker, cover point; G. Martin, first defence; F. Nobbs, second defence; F. Taylor, third defence; R. McInnes, centre; A. Williams, third home; O. Dunaway, second home; E. Dempster, first home; S. Touhy, outside home; C. Macdonald, inside home.

Coming for the summer Miss Verna Felton and The Allen Players Monday, Tuesday, Wednesday, "Zaza," Victoria Theatre.

# WATER TRIBUNAL RETURNS TO CITY

## AFTER ADJUDICATING ON LIST OF CLAIMS

### Messrs. Armstrong and Gray Donald Have Had Busy Month

J. F. Armstrong, comptroller of water rights in the water right branch of the department of lands of British Columbia, and G. Gray Donald, chief hydrographer of the same department, who constitute the board of investigation constituted under the water act of 1909, to look into the claims of those using water throughout the province of British Columbia and to determine their validity or otherwise, returned to the capital about a week ago after nearly a month's absence in the West Kootenays and the Okanagan district, during which they held sittings at many different points centering round Nelson.

The board of investigation is kept busy practically all the time investigating records and proving the rights of the different claimants. Sittings have been held all over the Okanagan district—that area embracing all the Okanagan country, Vernon, White River Valley, etc.—where some of the oldest irrigation works in the province are to be found, and where there is an ever-growing acreage of orchard land, as an example of the extent of the work fifteen hundred claims were dealt with in Kelowna alone last year when the board of investigation sat in that place.

The proceedings in connection with the hearing of these cases are quite formal. Every record holder is first served with a notice apprising him of the time and place of the sitting of the board of investigation, so that when they arrive he has every opportunity of either defending or asserting his claim. However, whether a man is present to assert his claim or not, the procedure is gone through with just the same, the record first being called out, and a statement made telling by whom the claim is made. Objections are then called for, such being noted, when made, and the case then given a further hearing. If no objection is made, however, the claim is considered passed as far as the public is concerned.

Remembering that water belongs for all time to the land for which the record has been taken out, one can readily see that this tribunal of two has no light matter to deal with, as in many instances the land may have changed owners many times over. The papers are usually very carefully prepared, however, and in nearly every instance the land has been surveyed already for the department by its local field engineers, so that, in the majority of cases where disputes arise these can be settled without the evidence of the claimants or counter-claimants.

In apportioning the water and determining the amount which is necessary for the consumer, the board has had to take into consideration the local conditions which control and govern the peculiar needs of the claimant. With the agriculturist, for example, climatic conditions—the predominance of heat or cold, drought, rain, prevalent winds, etc.—have to be taken into consideration. The conditions in connection with the use of water, in relation to the peculiar to that industry, and call for special legislation—which is true also in connection with water which is to be turned to municipal uses or for creating power. As an evidence of the successful nature of their deliberations along these lines, it might be remarked that in nearly every instance the consumer has been satisfied that he has been given more rather than less than his needs. The principal work of the department consists in the administration of all water rights, the issuing and granting of licenses, etc., and the supervision of all works in connection with these things. Arrangements are already being made for the next visit of this tribunal to the interior. They will visit Ashcroft on Wednesday, July 31, in order to try some important cases. These have been made necessary through the recent transference of the administra-

tion of water rights in the railway belt to the province—a decision which, it is considered, is going to give considerable impetus to the progress of the whole railway belt where, hitherto, developments had been held up because settlers never knew whether they were amenable to Dominion or Provincial law. From Ashcroft, the board of investigation will, after a short return visit to Victoria, proceed to Similkameen district, where they will hold sittings, beginning at Grand Forks, where they will arrive on August 6. Thence they will go on to Greenwood, Princeton, Keremeos and Penticton, concluding their tour at Kelowna—where they will attend the irrigation convention on August 14, 15 and 16.

Mr. Gray Donald expressed himself as being very much impressed with the splendid agricultural prospects evident all through the Kootenays, particularly around Creston, where the existence of nearly eighty thousand acres of bench land makes fruit-growing without any irrigation whatever very successful, the farmers, moreover, being so favorably situated that they can market their produce in Calgary in less than twenty-four hours. Generally speaking, too, there are evidences of a great deal of development going on, and even within the year which had elapsed since his visit, he had seen noticeable improvement. Cultivation was more intensive, and more care was being taken in pruning and cultivating the orchards. The increase in the number of settlers was marked, and the community of Doukhobors in the Kootenay region was doing wonderful development work. These men, he said, were intelligent, industrious, painstaking, and saving, and were doing some of the best farming in the whole locality. Their community life, too, seemed to be breaking up, and they were becoming more individualized and ready for absorption into Canadian life.

# TO TRAIN PUPILS INDUSTRIALLY

## SEEKING INFORMATION ON TECHNICAL EDUCATION

### Committee of Calgary Board Visits City to Inspect Situation Here

A committee from the Calgary school board arrived at the Empress hotel yesterday evening from a tour of investigation of technical schools on the Pacific slope. The party consists of R. J. Hutchings, chairman of the technical committee, E. B. Kidner, director of technical education, and H. McClelland, superintendent of buildings.

The party interviewed officials of the Victoria School Board this morning, more particularly with reference to the new High School, and the manual training and domestic science work in the local public schools.

Speaking to a Times representative this morning, members of the deputation said they had obtained a lot of valuable information during their tour. Schools at Spokane, Portland and Seattle had been visited, and in every city they found a great deal of attention was being given to the matter of industrial training, and in every high school visited considerable provision exists for technical work.

more comprehensive method, and with greater results. Mr. Kidner spoke of the progress on manual training, and remarked that in contradiction to the Victoria method, where the annex system is general, the manual departments are in the school buildings proper, and appear a more recognized part of the curriculum than when the instruction is carried on in class rooms apart from the main building.

Mr. Kidner knows Miss Juniper well, whose splendid efforts as supervisor of domestic science here have made her name widely known. He was associated with her in Nova Scotia when they were engaged in pioneering the cause of technical education in the Atlantic provinces.

To show how generously the people of Calgary treat educational projects, Mr. McClelland mentioned that his department would spend an appropriation of \$270,000 this year on school sites and buildings, quite apart from the proposed technical school, and the ordinary maintenance expenditure on the schools in Calgary was nearly \$300,000 per annum, which is nearly double the Victoria expenditure. They had a most ambitious programme which they intended to see carried out to the utmost in Calgary. The party will proceed to Vancouver en route home.

The Old Turkish Baths on Fort St. have been taken over by Mr. and Mrs. Larsen, where they propose conducting a first class bathhouse, massage, chiropody, under sanitary conditions.

Ladies' Tailor.—Wm. Stewart, men's and ladies' tailor, room 5, Haynes Bldg, Fort street.

# A Story Of Growth

Kelowna, B.C., the Orchard City of the Okanagan Valley and the Dominion of Canada, has placed her fruit in competition against the World—and WON

**PAYMENTS**  
One Quarter Cash,  
6, 12 and 18 Months,  
7 Per Cent Interest

# KELOWNA, B. C.

Kelowna has all the attractions of an ideal climate. The City of Kelowna, situated on the eastern shore of Okanagan Lake, in the centre of the greatest fruit country in the world, has grown to a prosperous city of over 2,300 people without—without, mind you—without a railroad.

# LAKEVIEW

Lakeview consists of 120 lots at an elevation of from 50 to 75 ft., and is the only property on the market commanding a magnificent view of the city, lake and mountains. Every lot is a view lot. The main street of Kelowna runs directly through Lakeview. Water and electric light is laid to the property. Perfect title is guaranteed. Lakeview is only 15 minutes' walk through the city to the lake front.

# Railroad Activity

The Canadian Northern this year paid \$80,000 for 40 acres in Kelowna for a terminal, and have purchased most of their right-of-way. The Canadian Pacific have two surveys into Kelowna from Okanagan Landing. The Kettle River Valley line is under construction 25 miles to the south. Trains will be running into Kelowna next year. "There's a Reason."

# KELOWNA

The building operations under way in Kelowna during the past year, run close to \$500,000. Camerics have been built, power plant and site has been purchased for street car line. Transportation companies are making arrangements to handle twice the output this year they did last, and less than 6 per cent is in bearing orchard. Ten thousand people in 1915 is no idle boast.

120 view lots, the finest in Kelowna, go on sale in a few days. Send for complete information and illustrated booklet published by the Kelowna Board of Trade. The Last West, and one of the last—good—growing towns. Send to-day for information.

WALLACE & CLARKE, 721 Yates Street

# COLLINGWOOD

"25 Minutes to Victoria via Saanich Suburban"

Special sale of Collingwood Lots began this morning, June 17th., at 10 o'clock. Motor service arranged to leave 721 Yates St., for Collingwood at intervals between 10 a.m. and 4 p.m. daily

**I**N putting Collingwood on the market we feel that we have something to offer that will strongly appeal to the greatest number of the home-loving and investing public.

In the first place it is a subdivision of more than one hundred acres. A townsite that can and will comfortably accommodate a population of upwards of two thousand people. It has been laid out with this in view and the aim to convenience and economy. None of the ground is flat, it all slopes in a gentle, pleasing manner and seventy-five per cent of the exposure is to the south. There is neither rocky, hillside nor poorly drained bottom land. The soil is loose, mostly of a sandy order, carries a heavy per cent of natural vegetable humus, and has the proper drainage for best productiveness. Grain stood two and one-half feet high three weeks ago.

These are homesites where few indeed of city conveniences are sacrificed. Beautiful sunny slopes, pure air of the country side, the freedom and restfulness of country life and the absence of heavy municipal taxes and assessments, all add to their charm. A school, two churches and a post office already form the nucleus for the social and educational side of life in Collingwood.

**M**UCH interest has been manifested in this property, even before we were in a position to advertise this sale.

We know from the nature of the inquiries we have received and the class of people who have made those inquiries, that Collingwood makes its own appeal to the discriminating, whether for a home or for investment.

We have no prizes to offer, other than the consciousness that the buyer must have, that he has made a sagacious investment, which in itself will prove to be a prize when the development that is now hinted at becomes an actuality, and this not far distant.

True it is that we cannot say when cars will be operating on the Suburban line, but we do know that the date cannot be far in the future considering the progress made in preparing the right-of-way. A station has been located on this line which is but five minutes from the heart of Collingwood. When these cars run, Collingwood property will have advanced forty per cent and upwards in value, so it would be folly to wait for such a time to make the investment. Telephone and electric power and light are already available.

The Allen Players.

Verna Felton, and the Allen Players, open to-night at the Victoria theatre in "Zaza," with a strong cast selected from the twenty-players in the company and with Miss Felton as Zaza, and Irving Kennedy as Bernard Dufresne. The Allen Players arrived here yesterday delighted to be once again in Victoria, the most beautiful city of their tour this year, and are looking forward to staying here the full summer. "Zaza" to-night by Miss Felton, will show to patrons of the Victoria a new and powerful interpretation of the

VERNA FETTON

many sided character. Miss Felton realizes in her representation of the part the fullest intensity of the character, and her acting is so engrossed that critics have announced her one of the "cat dramatic actresses of the Canadian stage.

Princess Theatre.

Dan Sully's three-act play, "The Parish Priest," will be the Williams Stock Company's offering this week. With the exception of the priest and his servant, Michael Sullivan, all the characters are young people, no stern father, no black-hearted villain, not even a character woman, but warm-hearted, impulsive boys and girls whose sorrows and joys are very real to them. The story is so simply and naturally told that the spectator cannot help feeling sympathy for the pangs of jealousy and pride which at times take possession of the young hearts, but the kindly priest smooths out all difficulties, and as the lights grow dim and the curtain falls on the last act, he breathes a sigh of satisfaction and the words "I've had a busy day."

GUARDING REBEL LEADER.

Feeling Against Orozco Result of Arrest of General Campa.

El Paso, Tex., June 17.—Mexican Insurrectos would not hesitate to fire into American territory from Juarez if any troops recruited by the Mexican federal government on American territory attempted to cross the Rio Grande here. Colonel Pascual Orozco, senior father of the rebel commander-in-chief, and head of the Juarez garrison, in this way, replied to the demand of Colonel Steever, in charge of the department of Texas, that no rifle shots or bombs or shells must cross into the United States from Juarez at any time.

Colonel Pascual Orozco said that while he would direct his men to avoid as far as possible firing into El Paso in case of fighting, yet if any men recruited, as he alleges, in El Paso, composed the attacking force, he would feel justified in giving his men no instructions.

The Mexican government officials deny that any force has been enlisted by them on American soil. The arrest of General Campa, who is one of the few rebels, it is said, whose aim is to help the poorer classes is believed to have placed Orozco in jeopardy with his troops. Sixty picked men left Juarez for Chihuahua Saturday to form a personal bodyguard.

Four Per Cent.—You can deposit your money at 4 per cent. interest with The B. C. Permanent Loan Company and be able to withdraw the total amount or any portion thereof without notice. Cheques are supplied to each depositor. Paid-up capital over \$1,000,000, assets over \$2,000,000, assets over \$3,000,000. Branch office, 1210 Government St., Victoria, B. C.

The Empress Theatre.

The sketch, which Harlan E. Knight and his company are presenting with much success at the Empress theatre this week, entitled "The Chalk Line," is a play in brief, an epitomized comedy-drama. It is a rural production. The scene is laid in a village in Vermont and the story is of a quarrelsome storekeeper and the village postmaster who occupy the same store and have placed a chalk line in the cottage, as the boundary line of their respective spheres of influence. The storekeeper has an adopted daughter and on her return from a seminary she is told of the relationship. It is later discovered that she is the daughter of the postmaster and the chalk line is wiped away.

A singing comedian of the English music hall stamp who won a high place across the Atlantic before he was induced to make a tour over the Sullivan & Conditine circuit is Harry Cutler, who is appearing at the Empress theatre this week. He has a good voice and puts over several good comic songs which tend to make him popular.

The Olivetti-troubadours, two young men who created an enviable impression on their former trip around the circuit, are making a welcome reappearance. They have a repertoire which includes a large number of ragtime selections for violin and guitar.

McIntyre and Groves, two comedians with a bunch of bright and scintillating humor, interspersed with songs, add much to the bill. The men are a couple of rapid-fire talkers, and are laugh-producers above the audience.

The Four Mayos, another English act which has caught on with theatre-goers of this continent, supply a skating act in which two of the quartette do the straight trick skating while the others supply the comedy stunts.

The moving pictures offer the usual high class material.

Majestic Theatre.

"Sheriff Jim's Last Shot"—The West has furnished material for many tales of fiction. Nothing truer and stronger than the Western Vitagraph has ever been portrayed. The last shot of the sheriff just before he closed his eyes in death serves to rid the territory of a bad man and brings the reward to the sheriff's family for the good he did. "The Rivals," is a film in which the gamut of human emotions, love, jealousy and hate, are strikingly woven into the plot-meshes of this beautiful drama. It is a superb production with a moral that strikes deep and true.

"The Los Angeles Fire Department" shows in thrilling reality the modern methods used to fight fires in a large city. "Scenes in Korea" is a picturesque educational subject giving interesting glimpses of the life and habits of these Oriental people. "Tough Guy Levi" shows a pedler named Levi, working the camps of the Rocky mountains. He is held up by Bad Jerry and is relieved of all his money. To get square he pledges his pack as security for a pair of guns and a tough make-up. Then he in turn holds up Bad Jerry and gets not only all of his own money but much more including what the bad man had taken from others. "Wife's Ma Comes Back" is a farce with an invalid mother-in-law and a pugilist young man. This excellent offering is for to-day and tomorrow.

Mr. Campbell, the Up-to-date Druggist, has scored another point. He has imported a large stock of that Great French Tonic

## VIGOROL

and has been made the sole agent for Victoria. Every bottle guaranteed

Being always on the lookout for the best in everything in the drug line, Mr. Campbell has placed in stock a large consignment of the great French Vigorol. Every-day nature is providing us with something new. The latest medicine on the market in Canada is VIGOROL. Weak and run-down men, women and children can now be made strong and healthy. Every home should contain a bottle of VIGOROL—The Tonic that is a Tonic. The whole human system is at once toned up. That tired, dragging feeling disappears and life becomes a joy. If you are not just feeling yourself, go to Campbell's drug store and get a bottle of VIGOROL. If you don't feel better in twenty-four hours, go back and get your money. VIGOROL acts on the kidneys, liver and blood and is a powerful flesh and system builder. Price \$1.00 bottle.

Leaky Roofs Repaired by Newton & Greer Co., 1326 Wharf street, makers of "Nag" Roof composition.

### BIRTHDAY CALENDAR

**IF THIS IS YOUR BIRTHDAY**  
Avoid restlessness and change. The reward of careful application to duties awaits you, and also an advance in station. Do not attach too much importance to disappointing experiences with friends.  
Those born to-day will be restless and inclined to think themselves misunderstood. They will take their emotions rather seriously.

### IDEAS OF A PLAIN MAN BY DR. FRANK CRANE

Far be it from me to intimate that the reformer should not tear his shirt, the patriot leap to the occasion, and the propagandist foam and consume his soul.

One cannot help admiring a campaigner and a propagandist. And nothing is so said why sentence of death by torture should not be pronounced upon the whittier, the loafer and the conservative. And yet, looking back over the history of this terrestrial globe, the story of its rocks and plants as well as of its men, one is impressed by the fact that progress is a matter of very slow growth; so slow in fact that at any given period the most significant changes that were going on were those that were so still and gradual that those present were not conscious of them, and were perhaps occupied with strenuous reforms that really meant nothing at all.

Imperceptibly, as a rule, so the geologists tell us, the glaciers slid down over the forest lands, seas changed their beds, and mountains rose. Of course there were occasional cataclysms.

The growth of the race, in its intellectual life and in its moral sense, has this same age-long ponderosity. Science, humaneness, democracy, co-operation, religion, grow like slow continents rising from the sea.

Cricket sets, \$2.00 up; tennis, baseball and lacrosse goods at Victoria Sporting Goods Company, 1010 Broad Street, Pemberton Block.

### IN THE SUPREME COURT OF BRITISH COLUMBIA

IN THE GOODS OF HARRIET COWPER, DECEASED.

TAKE NOTICE that Probate of the Will of Harriet Cowper, late of Victoria, British Columbia, spinster, was issued on the 25th day of April, 1912, to A. J. W. Bridge, real estate agent, of 1007 Government Street, Victoria, as sole executor.

That all persons having any claims against the estate of the said Harriet Cowper are required to send full particulars of the same, duly verified by declaration, to the undersigned on or before the 3rd day of June, 1912; and all persons owing any money to the said deceased are requested to pay the same forthwith to the said executor. After the 3rd day of June, 1912, the executor will proceed to the satisfaction of the estate according to the will having regard only to the claims of which he shall then have received notice.

Dated the 3rd day of May, 1912.  
CREASE & CREASE,  
Solicitors for the said Executor,  
P. O. Box 622, Victoria, B. C.

### IN THE SUPREME COURT OF BRITISH COLUMBIA

IN THE MATTER OF JOSEPH HENRY BUSCOMBE, DECEASED, AND IN THE MATTER OF THE ADMINISTRATORS' ACT.

Take notice that by order of the Courts made on the 13th day of February, A. D. 1912, I was appointed administrator of the estate of the said Joseph Henry Buscombe, deceased, and all parties having claims against the said estate are hereby required to furnish same, properly verified, to me on or before the 20th day of July, A. D. 1912, and all parties indebted to the said estate are required to pay the amount of their indebtedness to me forthwith.

GEORGE BUSCOMBE—Administrator.

## Our Best Advertisement is the Fact That We Have Sold 227 Lots

In two weeks to local buyers. This is something you should think about. Why are Victorians buying so readily in this subdivision—

# PANAMA PARK?

These buyers didn't take the lots "unsight unseen." They looked the property over carefully, and

## Here's Why They Bought

Because they realized on seeing Panama Park, what a wonderful opportunity existed there for a big rise in value.

Because they appreciated the magnificent homesite possibilities of this property.

Because what they heard that we had said about the size, natural scenic beauty and character of these lots, was, if anything, beneath the mark.

Because they saw the gangs of workmen laying sidewalks and grading streets, wholly at the expense of the original owners, and costing purchasers not a cent.

Because they found that the variety of Panama lots was such as to please all manner of tastes.

And finally—  
BECAUSE THEY HAD WISDOM ENOUGH TO SEE THAT THE PRICES AND TERMS OFFERED, MAKE PANAMA PARK, BEYOND ALL QUESTION, THE BEST BUY IN VICTORIA TO-DAY

# \$25 Down and \$10 a Month

# \$250 to \$450 Per Lot

There's every reason why you should buy at once—We'll take you out any time

### FLOWER SHOW NEXT WEEK.

Gordon Head, June 17.—A flower show will be held in St. Luke's Parish Hall under the direction of St. Alden's church on Tuesday, June 25. Mr. Mantion will be judge of flowers and a silver cup will be awarded by Mr. Deans to the person taking the most prizes. Entries must be sent to Miss M. I. Laing, Mt. Tolmie, P. O., not later than June 23.

On July 7, a sale of work will be held by the ladies of St. Luke's church in the rectory grounds.

A court of revision will be held at the Municipal Chambers, Royal Oak, on Friday, June 28.

On June 14 a most enjoyable dance was held in St. Luke's Parish Hall under the auspices of the Mount Douglas club. A three-piece orchestra was in attendance.

On Friday, the 21st inst., an entertainment will be given in St. Luke's Parish hall by Troop 2, of the Victoria Boy Scouts.

### NANAIMO'S NEW SCHOOL.

Nanaimo, June 17.—At a meeting of the board of school trustees a letter was received from Miss Crandall requesting an increase of salary of \$5 per month. Miss Cunningham also wrote, informing the board she would resign her position at the end of June unless her salary was increased to \$75 per month. Trustee Shaw remarked the board had made its estimates for the year and could not break into them during the term. He moved the requests for increases in salary be not granted. Trustee Forrester seconded the motion which was adopted.

The several tenders were considered in committee and the contract for the construction of the new school awarded to Messrs. Carver, Jones and Currier, of Vancouver, at \$48,241, and the contract for the installation of the heating system to F. W. Cunningham, of Vancouver, whose tender was \$3,943.00.

### NEW UNION MAY BE FORMED.

San Francisco, Cal., June 17.—Newark, N. J., was chosen as the convention city for 1914 by the International Stereotypers and Electrotypers' Union in convention here Saturday. Next year's convention will be at Buffalo, this site having been chosen last year, according to the ritual by which the convention city is selected two years in advance.

A special committee, consisting of W. P. Keegan of New York, vice-president, Charles Sumner of Kansas City and Elmer Johnson of Washington, was in conference Saturday with Delegate L. P. Straps, of Chicago, discussing plans of procedure for the reinstatement of the Chicago union, barred from the organization because it had participated in the strike of the Webb pressmen. It was announced that a new union probably would be formed.

## A GOOD CHOICE of Desirable Properties

### LOTS

METCHOSIN STREET, two good lots, 50x125. Each \$1100

## THE PRICE OF HOMAGE

ONCE when King Edward VII. paid a visit to Sheffield, all the fires in factories and plants were allowed to die out. Not a wheel in Sheffield turned for twenty-four hours. The primary object of this was to lift the pall of smoke that hovers over that wonderful steel-producing city, and to ensure, as far as man was able, a bright day and a blue sky for an auspicious occasion. It was Sheffield's expression of respect.

BUT the action was unique—it was unprecedented—it was unthought of that those hundreds of mighty furnaces, raging night and day, and those seething boilers, with quivering valves, should ever be allowed to cool. This extinguishing of fires cost Sheffield hundreds of thousands of dollars—the price of the effort to get back again to high-power efficiency.

SOME business men in Canada pay an unwitting homage, not to a king, but to a superstition—the superstition that hot weather justifies letting the fires of business energy go out. They stop Advertising in the Summer months. By paying homage to tradition, custom, superstition, they have allowed Summer to become their "dull" season. You know how dull it can be when you don't advertise. Do you know how brisk it can be made by Advertising? Do you realize how much momentum you now lose in the Summer that must be regained in the Fall?

DON'T LET YOUR ADVERTISING FIRES DIE OUT THIS SUMMER.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 203 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.

## QUIET DAY ON THE NEW YORK MARKET

Traders Await Outcome of Republican Convention at Chicago

(By Courtesy F. W. Stevenson & Co.)  
New York, June 17.—The stock market had all the aspects of the hesitant attitude to-day, pending the meeting of convention to-morrow. The tendency was towards strength, but the quietness of the trading prevented any action of an important degree being recorded. While the political situation continues to absorb the interests of the speculative element and to be a potent factor in the daily market, this is likely to be only a temporary influence. Bears who talk of a disturbing political campaign as an influence likely to seriously affect the market are perhaps unmindful of the fact that Wall street has had that in mind for a year past. Any way, the latter resolves itself more into a matter of sentiment than anything else.

COPPER SUPPLY.  
Supply now 42,626 tons; visible supply decreased 1,555 for two weeks.

## LIQUIDATION IN THE CHICAGO PIT

Light Offerings at Opening of Session—Corn and Oats Strong Near Close

(By Courtesy F. W. Stevenson & Co.)  
Chicago, June 17.—Wheat opened rather bare of offerings, and traders were looking for some hardening in prices, but this was only partly in evidence. The market has now been declining for a week, and liquidation, especially in the near month, has been heavy. For this reason the bear side is likely to be followed too closely, which makes the moderate upturns in order. The rains now being received do much to bear the market.

Table with 3 columns: Name, Price, Change. Includes WHEAT, CORN, OATS, etc.

ADVERTISE IN THE TIMES

### Properly Cured Ripe Olives

not only contain as much nourishment, but actually twice as much. Ripe Olives contain about 12 per cent pure olive oil and are one of the most easily digested and assimilated foods known. Persons who have indigestion or other stomach or intestinal troubles will find in our "BOHEMIAN CLUB" brand of RIPE OLIVES one of the most palatable, nourishing and easily digested foods known. In fact the "BOHEMIAN CLUB" brand RIPE OLIVES supply all the valuable parts of meats with none of the objectionable qualities. RIPE OLIVES have no equal; as a vegetarian diet they have no superior, and as food for the delicate or the convalescent they present a new adaptation that has met with a hearty reception.

Auctioneers  
620 Cormorant Street

We buy and sell all kinds of Furniture. Sell in and see us.

The city business proper was overshadowed last week by a ease in the courts from which the city may learn several lessons, and from which the public have drawn their own conclusions, based on the exhaustive reports in the Times of the proceedings of the Stedham action. If this is to be the end of the blunders which have arisen in connection with the Smith's Hill reservoir, and the big tank is to be water-tight hereafter, the citizens will not mind the expenditure.  
There seems some real prospect that an advance will be made with the civic centre scheme this week, as to-night Alderman Gleason's motion for leave to introduce a by-law on the subject.

## Ladies' Finch & Finch

chasing agent, and the holders those offices at that time protected. View of Mr. Copeman's retirement coming effective next Monday—as a matter of fact he is now taking a short holiday before going into private practice—it is essential that the solicitor given assistance at once. The late Alderman Stewart has posted notice a motion to amend the by-law, and will be taken up this evening in order to legalize the change. Just as the case of the engineering department, the solicitor is given complete charge of his department. The late solicitor shortly presented a suggestion adopted late last year which fixed hours for the staff. He pointed out he alone knew the emergencies of department, as circumstances often called him to keep stenographers king late, for which they must be extra time, and on that ground he used any rigid regulations applying to the city hall staff.  
Under the legal department by-law, Mr. McDonald were turned all cases pending with the city, and accordingly he acted in the reservoir case, as a number of others which have yet been heard, as well as in the negotiations affecting the V. & S. railway. It is to be discussed this week at conference with Mr. Gilman on behalf of the proprietors company, the Great Northern railway.

A good deal of discussion has gone forward on different occasions with regard to the Cooke contract question among the aldermen and others interested in the project, and it is generally known that the Westholm company has been in negotiation with a prominent firm of contractors in Vancouver, whose name was mentioned in connection with the second series of bids, to arrange about the steel pressure pipe in that portion of the line which has to be laid at once.  
Progress is being made with the
